MOSAIC CRYSTAL LIQUID

Decoration gel with cracking effect.

Go crazy with our new spring shades by the Mosaic Crystal Liquid decoration gel. Use this on vivid color or any sparkling material and let the liquid do its job! If you would like to reach a smaller cracks, apply it in a thin layer but if you want to see more massive, more spectacular cracks, use it in a thicker layer.

4ml –

THE USAGE OF THE MOSAIC CRYSTAL LIQUID:

1. Prepare the nails in a usual way, then we apply an optional cleansing color (any 3 Step CrystaLac, or color gel, even better: any sparkling base), and cure it in UV/LED lamp.
2. If we use a non-cleansing color, we have to apply some material with cleansing attributes (Compact Base Gel Clear, Pro Foil Gel Clear), in order to get a perfect cleansing (sticky) surface for the Mosaic Crystal Liquid.
3. Apply 1 layer of Mosaic Crystal Liquid on the surface of the nail and wait for it to dry on air which can depends on the thickness of the layer (it could be 2-3 min), but you can make the drying period faster with a ventilator (/fan).
4. When it completely dried and the whole surface has cracked everywhere, file the free edge of the nail and cover it with Cool Top Gel Universal in 2 layers in a way to close it properly.

This nail was made with the new 35124 Fary Rose 3 Step CrystaLac; the decoration was made with the new Mosaic Crystal Liquid, the 808 3D thick color gel, Royal Cream 12 and Mini Rosegold microbeads by Dóra Keszyűs.
