## ONE STEP CrystaLac top coats

#### SUPER SHINE OPTIC NO CLEANSING, SOAK OFF SUPER SHINE

No cleansing, flexible, soak off, clear shine gel with a brush. It has been developed to increase the durability and shine of the ONE STEP Crystalacs. It has optical brightening effect, so it brightens the white and light colors, makes the darker colors more vivid.

#### Cure time: 2-3 mins in the UV lamp, 1-2 mins in LED

#### 0/clear ONE STEP CrystaLac DURABLE, FLEXIBLE, SOAK OFF, CLEANSING FREE SHINE FOR CRYSTALAC

You add more even durable cover shine vour ONE STEP CrystaLacs will come off or get matte. It the fragile protects natural nails like transparent. shiny shield а for 2-3 weeks. You do not even <u>buff</u> thanks to its have to strong adhesion ability (We recommend the New Soft Touch Buffer, it will weaken the natural nail).

### Cure time: 2-3 mins in the UV lamp, 1-2 mins in LED

NEW Crystal Dails CoverPink BASEGEL Art-0.14FLor (\*)

## NEW! COVER PINK BASE GEL

Unique development! Colored, flexible, soak off base gel with good adhesion. Its color is identical with the most popular Cover Pink color. It is extremely easy to handle, it can be spread easily on the nail surface. A slightly sticky layer remains on the surface. Easy to soak off, the soak off time of a nail created with this: approx. 8 mins. More info at page nr.2.

#### 3 STEP CRYSTALAC BASE- AND TOP COATS

## **3 STEP CrystaLac base coats**

#### **BASE GEL**

Flexible, soak off, extremely strong adhesive gel for the classic (3 Step) CrystaLacs. Use thinly in order to reach the perfect adhesion and better solubility

#### COLOR UP! BASE GEL color tuning " under 3 step Crysta Lac !

Softer, white, flexible, strong adhesion base gel, especially under 3 STEP CrystaLac gel polish. Soaks off perfectly. Easy to use. Apply thinly in one layer. Easy to apply withthe soft brush. Under the3 STEP CrystaLac it gives extra vivacity to the colors.

#### BUILDER BASE GEL the strongest adhesion CN base gel

Incredible strength of adhesion, new development: say goodbye to a hesion problems even in case of the most problematic clients. Easy to apply, a bit more dense, the shorter brush makes your work more even. Apply under CrystaLac, but in this case the solubility will decrease, because of the stronger adhesion.

## 3 STEP CrystaLac Clear/Top 0 USE AS A TOP COAT!

## CLEAR/TOP 0 CRYSTALAC

Sealing layer for 3 STEP CrystaLacs, soak-off, flexible, durable and super shiny! They give a long lasting shine for the CrystaLacs. Apply thinly in order to reahc better solubility! Cure time in UV lamp 2-3 mins, in LED 1-2 mins (depending on the lamp).

CN tip:

Do not overcure the 3 STEP CrystaLac, so the top can adhere perfectly!

For the free edge, use the new Satin-Metal Color Gel 312, or apply Royal Gel R99 onto the entire nail plate!

# NAIL TREND MAGAZINE 2017

Sweet, creamy peanut butter goes well with so many baked goods that it would take a lifetime to taste them all. The brand new American Peanut Butter colorway delivers the same versatility, and is guaranteed to be a worldwide trend all year long! Treat your clients with a serving of American Peanut Butter in itself, or apply it onto a base coat of the new R97 Royal Gel. In case your client is looking for a glittery look, recommend the brand new 3558, which also has a sparkling-free version, 3S43 3 STEP CrystaLac.

## NAILTREND MAGAZINE 2017

An elegant, feminine shade of pink reminiscent of an oh-so-delicious, fruity cupcake frosting. Dare to experiment with colors: Punch Frosting and greys go perfectly together! 3S57 3 STEP CrystaLac with a Royal Gel R96 base coat is also a tasty combination. In case your client is in a hurry, recommend the glittery ONE STEP CrystaLac OS56. Oh, and make sure you have the season's superstar, 3S42 3 STEP CrystaLac in your gel polish arsenal!

# 

Crystal Nails brings you the most spectacular nail art trend of the 2017 spring-summer season! With Glassy CrystaLacs, you can create nail art designs reminiscent of the famous Tiffany lamps. Moreover, you can apply them onto artificial nails and gel polishes, and create a wide variety of jaw-dropping effects with each Glassy CrystaLac colorway. You can spruce of your glassy designs with Tiger Eye, Chro'Me or ChroMirror Chrome Pigment Powders, Glass Foil, or Mermaid Powder. Unleash your creativity!

## **PROFESSIONAL ARTICLE** SALON ETIQUETTE, ACTION-REACTION: WHAT THE CLIENTS DO AND HOW CAN THE NAIL TECHNICIAN REACT

Perfect client? Well, raise your hands: who met them? Let's admit they are very rare, that is why we need to establish some salon rules to avoid any misunderstanding.

#### I'LL BE LATE ...

FILL BE LATE... For every nail tech it is a "nightmare" if the client is late (even if is not the client's fault) because she will not be ready in time. So if you are late 5- 10 minutes you must be aware that the nail tech may not have time to make you a difficult complicated nail art decoration. If you see that you're going to be late, make the call, send an sms. If you can not show up, let her know as soon as possible. If you cancel your appointment five minutes before the scheduled time, it will be impossible to call another client who is on the waiting list. If you are sick, it's best for your health and the health of others that you stay home.

#### WHAT DESIGN SHOULD I CHOOSE?

You should think about the design when you are on your way to the nail tech. If you use the public transportation check the Facebook page of Crystal Nails, and the pictures uploaded there. You will definitely find a design what you will like. If you don't find anything there, check the Instagram site as well. Show the desired design to your nail tech, and if you are still puzzled, leave the design to her. If your nail tech uses Crystal Nails products, you will adore your nails!

#### I WOULD LIKE TO PAY ...

Always keep smaller denomination with yourself, just to be sure. If the 2 previous clients payed with bigger denomination, the nail tech might not have change. You can give tip, if you want, but it is not a must. She will not be offended if you pay exactly as much as she asked for. The price is fixed, there is no bargain. And there is no credit: the nail tech is not a bank.

### WHAT CAN THE NAIL TECH DO?

Ask your client to leave earlier, because anything can happen on the way to salon, the bus can break down or you can have trouble finding place to park. To make sure that the client will not forget the appointment date write her a Crystal Nails appointment card. Or you can call her or write here an sms the day before. It is better to make sure that the will come rether then the sit for 2 hourse without she will come, rather than to sit for 2 hours without a client.

#### WHAT CAN THE NAIL TECH DO?

Give her some Crystal Nails catalogs, so she will find the design she likes. You can also ask her about her style, mood...etc. If you know her well, you know her color and nail art preferences. Another tip: show her your Display Book or Portfolio box, until you create the preparation of her nail plate, so she can choose something she likes.

#### WHAT CAN THE NAIL TECH DO?

Put your price list to a clearly visible place where the client can have more information in advance about the prices. For example, if she finds out the about the prices. For example, it she mids out the decoration she wants at that moment, you will know what is included in One Move flowers or how much the crystals or pearls will cost. In addition, it's really important for the clients to know the prices of gel polish or nail extension for next time.

4.

#### BOOKING AN APPOINTMENT...

It's not a problem if you do not book your next appointment before leaving. You can choose surely if you do not let the booking to the last minute. Because if you forget, it will be only a matter of luck to get the appointment... If you missed Fortuna's good graces, you will not have an appointment. If there is no space then there is no space. No, they cannot "make" space for you even if you are on top of your head. If the situation is SOS, unfortunately not even then. All you can do is ask your nail technician to call you immediately if a date is released.

#### WHAT CAN THE NAIL TECH DO?

I predict that nowadays every nail technician has lot of clients so she should book an appointment. I might write the appointment on an appointment card. If the client unexpectedly calls a weeks later and would like to get an appointment as soon as possible, she will be added to a waiting list. If the client falls out (something comes up to her, sickness, etc.), we can also notify and receive her.

#### IF I DO NOT ARRIVE ALONE...

Sure enough, ask your nail tech about the pet-allowance. Not all nail salons are pet-friendly. If you take him/her, you can watch out to avoid disturbing anyone. Small children have the similar situation, too. Be sure to ask her about what would be when you take anyone with you.

#### WHAT CAN THE NAIL TECH DO?

You should inform her that you love animals but she can only bring her pet if it will be calmed and quietly sleep through the appointment. If the salon is large enough and a baby trolley fits, she can bring her baby. There are baby-friendly salons which can be important selection criterion for a mother. However, it is definitely important for her to understand that if her baby is crying she cannot pick her baby up because her hands are reserved.

#### I DO NOT URGE HER AND NOT USING **MY MOBILE PHONE!**

It's not good to work while your client is urging you. In addition, the material will not cure more quickly if you are in hurry somewhere. If you use your mobile phone, we are sure you will be not ready in time. If you put out your hand out of the lamp the material can start wrinkling and your nail tech should start the whole process from the beginning.

and an and the second s

#### WHAT CAN THE NAIL TECH DO?

Sweetly smiling to the client then apply a new layer what the client ruined.
