AcrylGels

SENS BY CRYSTAL NAILS PREMIUM ACRYLGELS

SENS ACRYLGEL

DIFFERENT IN COMPOSITION, HEAVENLY SHAPEABLE, THE HOMOGENEOUS POLYGEL

An improved version of the already known acrylgels. Homogeneous consistency, excellent coverage, easy to handle. It is a harder kind of material, so it holds its shape better. We recommend to use a stronger brush for application. Non-burning and cures almost dry. Available in Clear, Cover pink, White, Cover peach and Cover rose shades. The white French tip can be created by building a clear base layer. We recommend the use of AcrylGel Assistant.

Recommended brushes: SENS Natural 3D L, A8, Big One, Xtreme Fusion Brush.

Curing time: 1-2 minutes in LED, 2-3 minutes in UV/LED.

27ml (30g)

Princess nails

SENS ACRYLGEL ASSISTANT

GENTLE TO THE BRUSH, IT MAKES EASY TO WORK WITH ACRYLGELS

Special shaping liquid for acrylGel. It helps to spread the acrylGel without drying out the brush. Even a minimum amount prevents the material from sticking to the brush. With a pleasant tutti-frutti scent.

50ml

Princess nails

The nail set was made with SENS AcrylGel White, SENS '3G Polish' Flash Nude, Nova rhinestones and gold micro beads. (By Barbara Újvári)

CRYSTAL NAILS XTREME FUSION ACRYLGEL

THE UNIQUE ACRYLGEL IS A MEMBER OF OUR ,XTREME' PRODUCT LINE, WITH EASY AND TIMELESS FORMABILITY

XTREME FUSION ACRYLGEL

New generation, non-heating, Xtreme dense, perfect shaping and easy to file hybrid AcrylGel builder gel. During the sculpting, the controllability of the gel and the formability of the acrylic is almost characteristic. After curing, it will have the flexibility of gel combined with the strength of the acrylic. It can be filed easily after curing and cleansing. The tube packaging provides cleaner working conditions. Accurate dispensing: a sufficient amount of the product is applied to the nail without any waste. Makes the sculpting faster compared to gels or acrylics. There's no need for base gel. Extremely easy to file: the work with this material is fast and sparing for the customer and the technician as well. Recommended files: Xtreme 180/180 Green File, Classic 150/150 (Blue) Zebra File or the IronX 150/180 file. It doesn't even lifting on the nails with cohesion problem, neither at sculpted nor the refilled nails. It can be combined with any other builder product line of Crystal Nails. Recommended top gel: Cool Top Gel Universal or Original. The application of this material is recommended with softer brush: Nero Merlo I., CoverPRO Brush, Xtreme Acrylic brush, or any other natural, round shaped brush.

Recommended use: with Xtreme Fusion AcrylGel Thinner

Curing time: 4-5 minutes in UV, 1-2 minutes in LED

Bending time: 10 seconds in the case of base layer, and after 15 seconds if there is more material amount

Look for the Xtreme Fusion Thinner on page 82, which does not dry out the hair of the brush and compared to Liquid, does not have an irritating smell while working. Its optical color enhancer makes colors even more vibrant.

CLEAR BUILDER GELS

BRANDNEW! SENS BUILDER GEL CLEAR SELF-LEVELING, INTELLIGENT PREMIUM BUILDER GEL

It's smart because it's so easy to use, it almost does the work for you. The SENS by Crystal Nails range of builder gels comes in the brand's trademark gold and black jar, with practical labelling on the top of the jar cap so you can easily find the gels in your drawer. Self leveling, non-burning builder gels (also) suitable for the file-free technique. It can be bend well. For a more reliable adhesion it is necessary to use a base gel: Base Gel, Builder Base Gel, Compact Base Gel, Sens Base Gel, SmartGummy Rubber Base Gel. Brush recommendation: SENS Natural 3D BRUSH - L brush, K-Color brush, Nero Merlo 0/I brush, A6 or A8 acryl brush.

Bending time: 10-20 seconds (depending on the strenght of the lamp).

Curing time: 2-3 min in UV, 1-2 min in LED.

Density ●●●●○

CORRECTION GEL CLEAR A THICK, PUDDING TEXTURED MATERIAL THAT CONTAINS SILK FIBERS, ESPERCIALLY FOR CORRECTION

A thick, pudding textured material that contains silk fibers, especially for correction. It has a very special texture, which allows minor repairs, replacements, and even extensions without a form. Extremely strong, yet flexible material that is durable even on nail tips. It is available in a transparent version to correct mistakes in the easiest way. Using this material on the free edges prevents the nail from lifting. The material stays in place while moving and by pulling the silk fibers, the replacement can be created step by step, as the structure of the fibers gives extra support, which also stays in place thanks to its pudding-like texture. Just file the replacement built with this technique and if necessary, correct it with a drill also from the other side of the nail. It can also be used to repair the cracks of the nail plate.

Brush recommendation: Xtreme Gel brush for bigger surfaces, and Art Design brush, Phantom brush for the smaller ones.

Curing time in UV lamp 2-3 minutes, in LED 1-2 minutes

5ml

XTREME SUPERIOR CLEAR

NEW GENERATION OF BUILDER GELS, EVEN FOR NO FILING TECHNIQUE

A new generation of builder gels with a nice purplish tone which cures at lower temperatures due to its low heat generation formula. An easy-to-use crystal-clear Xtreme builder gel that provides fast work with its medium density. Super-strong, flexible and still easy-to-file. It can be used as a builder gel for short and long nails as well.

The applying is recommended with a softer brush: 6 Gel Brush, Xtreme Gel brush, Nero Merlo II. brush.
Bending time: 20-25 sec in UV; 8-10 sec in LED, Curing time: 2-3 min in UV; 1-2 min in LED.

XTREME CLEAR

TRANSPARENT, THICK, ULTRA STRONG BUILDER GEL

Top quality, dense, non-yellowing, purplish (UV filter and color brightening effect), hard, clear builder gel. It is the strongest Crystal builder gel, so it can be pinched and shaped very well. Extremely shiny and the cohesion is very good too. Perfect for extreme shapes and pinching. Can be used for the creation of both short and long nails. It cures fast because of a special accelerator material in it. It might cause burning sensation, so cure the nails fractionally: first 5 seconds, then take the clients hand from the lamp for 5 seconds, then cure it for 10 seconds, then you can pinch it. This way it will not cause burning.

Apply it with a firmer brush: Firm Gel or Nero Merlo III. brush.

Bending time: 10-15 sec in UV; 5-8 sec in LED.

Curing time: 2-3 min in UV; 1-2 min in LED lamp.

The gel with the best bending.
For extreme use of extremely strong nails

TITANIUM

TRANSPARENT, MEDIUM THICKNESS, SPECIAL XTREME BUILDER GEL

Medium thick, blue-ish (in the jar), clear builder gel, with special consistency. Thanks for a secret ingredient, the material keeps itself together, does not flow around. It is very easy to spread it on the surface, but it keeps the sculpted shape very well, which permits a quick and precise work. Ensures maximal control, which is an essential tool of the quality work and with this builder gel you can easily make a C-curve. It can be used for the creation of both short and long nails. We also suggest it for the beginners. Apply it with a softer brush: 6 Gel brush, Xtreme Gel brush, Nero Merlo II. brush.

Bending time: 40-50 sec in UV; 10-20 sec in LED. Cure time: 2-3 min in UV; 1-2 min in LED

XTREME SUPERIOR BUILDER GEL NATURAL PINK THIS IS THE NEW BRIGHTER AND MORE PINK SHADE OF OUR XTREME SUPERIOR GEL PRODUCT LINE

Most of people like the contrast between the tanned skin and the light nail color. By using this shade of builder gel, it is easy to reach this contrast. In winter, the shade of this product could match the lighter and more fade skin. In case of growing off, it will not be seen too much, because of the color of the gel. It is recommended for those who don't like the brown or purple-ish gels. The Xtreme Superior Builder Gel product line of a builder gel family which can be perfect for the file-free technique. This Natural Pink shade has fine coverage and it can be used by itself or for creating french nails as well. We recommend to use a base gel underneath.

Bending time: 20-25 sec in UV; 8-10 sec in LED.

Curing time: 2-3 min in UV; 1-2 min LED

TRANSPARENT PINK BUILDER GELS

MILKY ROSE BUILDER GEL

FULLY PINK, MODERATELY THICK BUILDER GEL

Light Pink shade and it has a similar ability to cover like the Cover Refill Gel. Unique shade of pink builder gels what we can use in every phase of salon work: building the whole nail, filling, even for the babyboomer technique.

Because of the amount of the pigments, it can cure in a thicker layer. Use a base gel for proper adhesion, e.g. Compact base gel. Cure periodically to avoid the burning sensation.

Bending: Build a clear base because this gel cannot be bended individually.

Curing time: 2-3 min in UV; 1-2 min in LED.

XTREME PUDDING+ BUILDER GEL

COVER PINK

SOFT PINK COVER PINK BUILDING GEL

It combines the flexibility of liquid building gels with the strength of pudding gels. It is very easy to work with because its texture allows it to be spread quickly and evenly on the nail surface. It is also suitable for traditional techniques, but it can also be distributed beautifully without grating. Shorter and longer nails can be made with it, in both cases the work with it will be very durable and long lasting. It has a beautiful, natural color and strong opacity, it can be used to create a nail bed, but also to build a complete nail. Base Gel should be used for proper adhesion. It bends well, binds hard, is easy to file. Bending time: 20-25 sec in UV; 8-10 sec in LED. Curing time: 2-3 min; 1-2 min in LED.

The most popular cover shade

GELLY COVER PINK BUILDER GEL NEW CATEGORY BETWEEN THE COVER REFILL AND THE XTREME FUSION PRODUCT FAMILY

Cover gel that provides a perfect coverage. It can be applied on the whole nail surface or used for the nail bed extension. The material is perfectly homogen so the nails won't be mottled or transparent. You can make the heightening and the nail bed extension in one step. Thanks to it's new „pudding“ texture the material seems denser, but when you touch it with the brush it is soft and easy to use. Since it is not a selfleveling material, it will not flow from its place, so the desired form/curve can be made easily. We recommend you to use the Gelly Brush for this gel.

Curing time: 2-3 min in UV; 1-2 min in LED.

5ml
15ml
50ml

Density ●●●●○

It has a new, „Pudding“ texture.

ROCKY COVER LIGHTGEL NAIL BED EXTENSION GEL

An easy to handle gel with medium warm, natural pink shade for nail bed extension. The most popular Cover Pink shade. Thanks to the self-leveling feature, it is very easy to spread. It's not messy, doesn't flow around, so it is very easy to make a smile line with it. The most handleable Cover Pink which cures completely even in a thicker layer.

Recommended brushes: Gel Brush 6, Xtreme Gel Brush or Nero Merlo II. brush.

Curing time: 2-3 min in UV; 1-2 min in LED.

15ml

Density ●●●○○

COVER REFILL GELS

BUILDER GELS

Builder gels with natural effect and optimal coverage. These products are slightly covering Cover Pink shades that can be used for all kind of salon work: sculpting, filling, making a whole nail from one shade, creating a nail bed extension, giving height for a nail, even for Baby Boomer technique. Due to their optimal pigmentation they cure even in a thicker layer. For the optimal adhesion it is worth applying a base gel layer, e.g. Compact Base Gel.

Due to its less pigment content, the color of the nail bed will be even (when sculpting or using for nail bed enhancement), we can achieve the same result as a nicely applied Cover pink with a perfect transition to the cuticle area and a fully covering smile line. The filling process is faster because they can be used instead of clear and cover pink shades at the same time, the growth part of the nail can be filled in a full layer. It also can be used for Baby Boomer technique, as we can make a perfect transition with the BabyBoomer White gel.

Recommended soft brushes: 6 Gel brush, Xtreme Gel brush or Nero Merlo II. brush

Bending time: 30-35 sec in UV. 20-25 sec in LED.

Curing time: 2-3 min in UV; 1-2 min in LED.

COVER REFILL HARD GEL

POPULAR

More dense version of the Cover Refill Gel with the same beautiful pinky shade.

COVER REFILL HARD TAN GEL

POPULAR

Warmer version of the bestseller Cover Refill Hard builder gel, for browner skin tone.

COVER REFILL HARD CRYSTAL GEL

A nail bed shade builder gel containing „icy-silver crystals“ with a velvety shimmer.

COVER REFILL GEL

A medium-soft builder gel with a shade similar to the bestseller Cover Pink gel.

WHITE GEL FOR SURFACE PAINTING

FLEXI FRENCH GEL WHITE, FLEXIBLE GEL, FOR PAINTED FRENCH FREE EDGES

Very bright white, flexible material that has a sticky layer after curing. It has an ideal consistency for creating the french end of the nail on flexible surfaces or on a gel polish base. Using this, the french end will not crack because it's flexible. After curing, you will have a vivid white texture without stains on it.

Recommended brushes: 0 Short or Mini, Barbara II., Art Design.

Curing time: 2-3 min in UV; 1-2 min in LED

GEL KITS

BABYBOOMER GEL KIT

FOR BABYBOOMER TECHNIQUE 2X5ML

The Baby Boomer technique is very popular among the customers because of the decency of the design itself. The essence of it is they merge the white free edge to the color of a nail bed. The result looks more natural than the classic french nails. The kit contains the Cover Refill Hard and the Baby Boomer White. We can use both of them to create a wonderful Baby Boomer nail set entirely with gels. You can perfectly decorate it with the ChromMirror pigment powders, the Sugar effect technique, the Crystal Mermaid Powders or with any gel painting.

BABYBOOMER 2 GEL KIT

FOR BABYBOOMER TECHNIQUE 2X15 ML

The Babyboomer White II. Builder Gel is a thicker and more pigmented off-white product. The Cover Refil Hard Gel is a perfect match for a brighter Baby Boomer effect.

TITANIUM BUILDER GEL KIT

THE KIT CONTAINS:

- Titanium Gel 5ml
- Renewed Builder White II. Gel 5ml
- Cover Pink Gel 5ml
- Xtreme Top Shine 4ml
- Cleanser pad (10pcs)
- nail form samples

Baby Boomer with glitter magic

The nail set was made with the Cover Refill Gel and the Baby Boomer White II., decorated with Glam glitter 1, Crystal Flake 1 and 2.

SENS ICE FLAKE BASE&BUILDER GEL

SOLUBLE BASE GEL

The Ice Flake collection brings the beauty of the snowcovered landscape with three wonderful shades (white, blue and dark) for the real Ice Queens. These beautiful colors reflect the snow-covered landscape, the bright blue sky and the starry night that appears early in the season. They can be used in the same way as the Sens GOLDEN FLAKE and AURORA FLAKE base&builder Gel products. Use it as a decoration or on its own for a wonderful result! Curing time in UV 2-3 minutes, in LED 1-2 minutes. CN advice: Use a clear base for the perfect adhesion even where the flakes touch the nail plate!

10ml

SENS GOLDEN FLAKE BASE&BUILDER GEL

SOLUBLE BASE GEL

A special, milky shade base and builder gel with brush, containing rosegold flakes, in 3 shades: white, mint, and pink. You can create a C-curve as well as a small nail extension or nail strengthening. We recommend to apply on a clear base layer, which increases the adhesion, so you can achieve even more durable wear with it. In case of filling / removing material, it is enough to file the gel to the clear base layer, then you can change the set to another colored base. Curing time in UV lamp 2-3 minutes, in LED 1-2 minutes.

10ml

SENS AURORA FLAKE BASE&BUILDER GEL

SOLUBLE BASE GEL

Base Gel with a wonderfully shiny, delicately moderate latte cover in three shades: White, Blue, and Rose. All three contain small flakes of several shades, which give the nails a special shine. It combines the glittery shine with the latte effect which is perfect when it gives the desired shade in the depth of the material but in this case, the different intensities of the glittering flakes applied on several levels make the final result even crazier. Nowadays, nails created with only Base Gel shades are very popular among both clients and professionals, Aurora Flake Base Gel offers the perfect solution for this. The material has excellent adhesion and durability, but in the case of replacement, it is recommended to use Clear Base Gel for the protection of natural nails.

Curing time: 2-3 min in UV, 1-2 min in LED.

10ml

BASE GELS

SENS BY CRYSTAL NAILS BASE & BUILDER GEL

BASE GEL DEVELOPED ESPECIALLY FOR STRENGTHENING TECHNIQUE. "A LIQUID BUILDER GEL"

Base and strengthening gel with extra strong cohesion. This bigger version of the product is perfect for everyday salon work because easier to work with the bigger jar: easier to gain the material from it, the surface can be made faster and the chance for creating bubbles in the nail is less last but not least it could last longer. Both of them have excellent coverage and the cohesion is the same as the Clear. It could be especially charming for french, babyboomer nails, base for any nail art or by itself. This is the strongest known Base Gel on the market right now, specially developed for strengthening technique. Due to its special component, it is unique among base gels. It has tiny little artificial silk strands in it, making the product thicker and more flexible. Beyond that; this new technique can help with the preparation of the surface and C-curve, due to its consistency, it will not flow over the lateral nail fold or near the cuticle. It can also help with the cohesion too speeding up the process. The product contains vitamin 'E' and calcium. The order of base gels by cohesion: Sens Base Gel, Compact base Gels, Builder Base Gel, Universal Base Gel, (Easy Off Hardener Gel). This product will not get hot during the curing, remains flexible and it will not break. Fragrance-free.

Curing time: 2-3 min in UV, 1-2 min in LED.

COMPACT BASE & BUILDER GEL

NEW GENERATION STRENGTHENER GEL: BASE GEL AND NAIL STRENGTHENER IN ONE

Soluble, flexible and super dense nail strengthener gel. Self-leveling and creates smooth surface. Despite its high density, it's easy to work with. Features very strong adhesion which is perfect for a base layer. Enhances the durability of the nail strengthener but also could be used for creating the C-curve, correction or nail extension (using nail forms).

How to use:

- Prepare the nails with Spray Prep or Nail Prep/No Buffer Scrub. No need to use Primer
- Apply color gel polish over the properly cured surface (It leaves a thin sticky layer that helps with applying the color more precisely)
- Compatible with all kind of CrystaLacs
- Using as a base under ONE STEP CrystaLacs extends their durability similar to the 3 STEP CrystaLacs (up to 3 - 4 weeks)
- Features extreme adhesion hence perfect under hard gels too
- For achieve an artificial nail effect remove the sticky layer with cleanser, file the surface and apply and cover with a color material.

Curing time: 2-3 in UV; 1-2 min in LED

BUILDER BASE GEL

Medium dense, strong cohesion, flexible, soak off base gel. It can be used before gel filling or sculpting for base (for the appropriate cohesion) and it stops the base layer lifting up from the surface of the natural nail.

Use it under 3Step CrystaLac, for Reverse tip technique or Xtreme Fusion Gel.

Curing time: 2-3 min in UV; 1-2 min in LED

4ml
13ml

BASE GEL

Soft, flexible, soluble base gel with good adhesion. It can be used as a base layer for gel filling and sculpting to achieve adequate adhesion, and to prevent the base layer from lifting off the surface of the natural nail plate when bending. It can also be used under 3 Step CrystaLac and under Xtreme Fusion Gel with the Reverse tip technique. The most soluble base gel, so if someone wants to remove the gel polish with a solution, we recommend this base.

Curing time: 2-3 minutes in a UV lamp; 1-2 minutes in LED.

4ml
13ml-

EASY OFF HARDENER GEL SOLUBLE NAIL STRENGTHENER GEL

Thick, flexible and soluble nail-strengthening gel. Recommended for strengthening natural nails, it can also be used to make a nail correction of a small (maximum 1-2 mm) length. In order to ensure adequate adhesion, it is recommended to use Base gel, then apply Easy Off material in one or two layers to its surface.

Curing time: 2-3 minutes in a UV lamp; 1-2 minutes in LED.

Nail strengthener

10g
35g

HARDENER SAND NAIL STRENGTHENER POWDER NAIL STRENGTHENER POWDER

Extremely finely ground powder, which can be a great help in nail strengthening. It is recommended to be used when reinforcement is needed, but we want to keep its completely natural look. Apply a base gel thinly, then spread the Hardener Sand powder evenly with a spatula and cure. For a smooth surface, it is recommended to apply another thin layer of base gel on top of the powder and cure it. After curing, apply the color and the top gel as usual. The nail made in this way will be more resistant even without a C-curve. The natural effect nails can be soaked-off.

Curing time: 1-2 minutes in a UV lamp; 2-3 minutes in LED.

ELASTY HARDENER GEL CLEAR, FLEXIBLE, SOAK-OFF NAIL STRENGTHENING "LIQUID BUILDER GEL WITH EXCELLENT ADHESION

A medium-density, solvable strengthening and liquid builder gel with brush. It has high adhesion that provides a durable and strong coating to natural nails, making them resistant, strong and flexible. Ideal for salon work to base, strengthen, correct, lengthen, build a C-curve. Depending on the thickness of the material, it enables the construction of S, M length nails on a nail form. It can be slightly bent. It can also be used as a base layer that ensures strong adhesion under builder gels. When strengthening a nail, the color can be applied directly without filing, so the filling time is greatly shortened. It is also excellent as a base and strengthening layer of reinforced gel polish, with a smooth surface after curing. It has a surface leveling effect. It can also be used for nail correction, replacement of broken nail corners, correction of spoon nails and pedicure.

Curing time: 2-3 minutes in a UV lamp; 1-2 minutes in LED.

CN advice:

It can also be used for applying metal ornaments, micro beads, rhinestones, shaped stones to the surface, as well as for built-in nail art when decorating. It is also perfect for extra sealing of less resistant decorations under the top gel (for ChroMirror chrome powders, aquarelle painting or water stickers)!

TOP GELS

SENS MAKE UP TOP GEL

We dreamed up this collection in the colors of palettes made for natural effect make-up. The Sens Make Up Top Gel is a colored non-fixing top gel that has a much stronger pigmentation than the Milky Top Gels. Creamy white, pleasant pink and a soft nude colors are included in this family. Their beautiful shades are complete after applying the last layer. They can be applied on a transparent base to achieve a natural effect. French nails can also be thinly covered with them to give them a natural effect. They can be applied over any light color to slightly modify the shade. After curing, the material is shiny and non-fixing, so no additional layers are needed. Dissolvable. Curing time: 2-3 minutes in UV, 1-2 minutes in LED.

4ml

White

Rose

Nude

SENS FLASH TOP GEL

The reflective glitter effect that everyone loves is now also available in top gel! Flash Top Gel sparkles silvery when diffused light falls on it, but does not mask the underlying shade, as it contains smaller particles than Sens Flash ,3G Polish' gel polishes. In this way, you can combine any of your existing shades with Flash glitter! A flexible, non-fixing, dissolvable top gel that can be used on all colors and materials. Curing time: 2-3 minutes in UV, 1-2 minutes in LED.

Royal Gel

ROYAL GEL

NON-CLEANSING GELS IN ONE LAYER

They are highly pigmented, so they provide excellent coverage in one (or two) thin layers. After curing, their surface is dry and shiny. If you want to increase its shine and ensure a long-lasting shine, it is worth applying Top Seal Light Gel, Easy Off Top Gel or Cool Top Gel Universal. They can be used to color the entire surface of the artificial nail. Due to their pigmentation, Royal Gels are also excellent for decoration: either for slightly raised surface decoration or gel painting.

Curing time: 2-3 minutes in UV lamp, 1-2 minutes in LED.

Decoration gels

NON-CLEANSING DECORATION GELS

METALLIC DECOR GEL *Metallic* DECOR GEL

The SENS is introducing a brand new range of decoration gels for the holiday season. Metallic (chrome) effect color gel for surface decoration! In three colors: Mirror Silver for a mirror silver effect, Rose and Gold which are metallic chrome decoration gels. It needs to be covered with a Top Coat (Cool Top, MattEver), so the silver still has a slightly dull mirror-like effect on the surface, but all three colors are excellent alternatives to metallic transfer foil decoration or can be used instead of strip stickers. Apply extra thin, lay flat, with a 0 brush, and cure for 1-2 minutes in LED light, 2-3 minutes in UV. Wait a few seconds before applying for the brightest effect.

ART GEL - PAINTING GEL

Gels which can be use for paintings, for those who love nail art. Thick, non cleansing and extremely strong pigmented product. It could cover in a thin layer too. Thanks for the viscosity, it doesn't move or flow around while you working with it. It will cling it on shiny or matte surface and you dont have to cleanse it after curing. You can use it for One Move or Gel Painting technique; or make thin lines with it. With our Art Gels, the color transitions are more solid and homogeneous, the color of the patterns are more vivid and lively. It cures in UV and in LED as well. Curing time: in UV lamp is 3-4 minutes, in LED lamp is 2-3 minutes.

5ml

USAGE:
The Art Gel painting gel is only for decorations!
It's not suitable for painting the whole nail surface or the free edge!
Apply an extra thin layer, to help the adhesion - a minimal amount on the brush is enough. With the help of Ombre Sticks, sponge head brush to make the perfect transition of the Art gels!
Let's make babyboomer nails with the help of white Art GEL

Use it for
One move
flowers!

NON-CLEANSING DECORATION GELS

ART GEL PRO - ARTGEL PRO CREAMY PAINTING GEL

Creamy, soft, strongly pigmented art gel that makes the painting easier. The favorite attributes of the Art Gel remained unchanged: strong coverage even with a thin layer, non-cleansing. The Art Gel Pro has better, different consistency, which is easier to handle. The work with this product is way more faster and the result will be more homogeneous. You can draw a long and thin line without breaking the line. The brush is almost glides by itself on the surface. It is a perfect choice for contouring and for drawing thin lines due to the color's intensity.

Curing time: in UV lamp is 2-3 minutes, in LED lamp is 1-2 minutes.

3ml

ARTGEL PRO

Scan the QR code and watch the video!

In practical jar packaging

The Art Gel and The Art Gel Pro can be mixed to create an infinite number of colors.

ROYALCREAM GEL - CREAMY ROYAL GEL

Non-cleansing, thick decoration gel which combines the thickness of the Art Gel and the easy-to-handle attribute of the Royal Gels. It doesn't stretch, the viscosity is like a pasta, it gives a perfect 3D effect for the painted pattern. It will cure perfectly, if you apply it with a thicker layer. The colors can be mixed whatever way you want to.

Curing Time: in UV lamp 2-3 minutes, in LED lamp 1-2 minutes.

3ml

BUBBLEGUM COLOR GEL - RUBBERY STRETCHING GEL

This decoration gel can be stretched without any break. Non-cleansing and it doesn't require any cover. It can be combined with ChroMirror or any Pigment Powders, effect Powders. Skin Guard is recommended before using it, to easily remove from the skin. It can be used with decorating needle or brush. It can be stretched with a decorating needle or a brush, for geometric patterns.

Curing time: in UV lamp 2-3 minutes, in LED lamp 1-2 minutes.

3ml

THE BUBBLEGUM COLOR GEL stretches more in room temperature.

USAGE:
Cover the thin line decorations with a top gel.

NON-CLEANSING DECORATION GELS

ORNAMENT GEL - FOR EASIER ORNAMENT PATTERNS

Non cleansing gel with medium consistency for those nail techs who love to make ornaments on the nails. It is perfect for drawing very thin lines or making thicker patterns with it. This product available in 5 colors.
Curing time: in UV lamp 2-3 minutes, in LED lamp 1-2 minutes.

5ml

Scan the QR code and watch the video!

For real masterpieces

STAMPING COLOR GEL

Non-cleansing, highly pigmented stamping gel that can be used for multiply printing. It dries only in lamp, so you don't need to hurry with your design. The curing time is 1-2 minutes in LED lamp, 2-3 minutes in UV lamp.

3ml

Scan the QR code and watch the video!

NON-CLEANSING DECORATION GELS

LACE GEL - LACE EFFECT

The Lace Gel is an extra thick plasticine like material with which you can make perfect 3D patterns or create thin lace patterns. Use it on the fully cured top shine! For making lace patterns, use a spatula for taking it out from the jar, apply it on the surface. For working with it, we recommend you to use Cleanser and 3D brush or a silicone brush. For the 3D patterns you can shape the material with your own fingers. It's non-cleansing, so you don't need to cover it with a top gel. Curing time: in UV lamp 2-3 minutes, in LED lamp 1-2 minutes.

3ml

White

Usage:
Use minimal Art Gel to create additional colors.

DESERT GEL - FOR SAND EFFECT

Thanks to its non-cleansing, thick, paste consistency, it is easy to use for decoration even on the whole surface. You can create a rough, „sand-like” surface with it. Its denser texture allows to scratch different motifs into the applied layer. Also good for 3D patterns as it cures well even in a thick layer. Choose the Gelly, the Phantom or the Art Design brushes for application! Use it the same way as any 3D decoration material: on a top gel or on a raised surface. Curing time: 2-3 minutes in UV lamp, 1-2 minutes in LED lamp.

3ml

White

Usage:
Use minimal Art Gel to create additional colors.

White Almond with flowers

The nail set was made with Fusion AcrylGel Renewed White, SENS Aurora Flake Base&Builder White, 3 STEP CrystaLac 3S171, 3S167 and 3S181 shades, decorated with Ornament Gel Black. (By Virág Halász).

 Crystal Nails®

2 Step SmartGummy Rubber Base Gel

2 STEP SMARTGUMMY RUBBER BASE GEL

2 STEP SMARTGUMMY RUBBER BASE GEL

New, innovative Base Gel, characterized by extremely easy spreadability, high flexibility, and strong adhesion. Since its autumn debut the 2STEP SmartGummy Rubber Base Gel product line among its members you can find the trend colors, the always elegant nude shades, the hotter, brighter pinks, the more restrained pastel colors, so everyone can find a new favorite in their style.

Curing time in UV 2-3 minutes, in LED 1-2 minutes.

SMART: it crawls into its place automatically, then slips into the surface

GUMMY: because it's flexible, rubbery

RUBBER BASE: you can use it as a base or refill your nails and also you can create the C-curve but do not build a long nail on form with this product. Use the Compact product line or the Elastic Hardener Gel or the SENS base&builder range for that.

4ml

SENS '3G POLISH' (GEL POLISH) NAIL ART GEL POLISHES WITH MAXIMUM PIGMENTATION

These are thick and highly pigmented 3 step CrystaLacs which can cover the surface in just one thin layer. Made especially for gel polish decoration techniques. The colors can be mixed with each other, so you can create the required shades for any nail art and patterns. If you would like to weaken the colours or make them less vivid, we recommend you the Sens by Crystal Nails Gel Polish CLEAR 0. You can use it on the whole surface, but not the usual way as we use gel polishes: you have to get a small amount of material on the brush and apply with pulling movements on the surface. Use it in a thin layer and use a strong LED lamp for curing. Make sure, you cure them a little longer than the usual 3 Step CrystaLacs (especially the S007 Black). Curing time: 1-2 minutes in LED lamp, 2-3 minutes in UV lamp.

3 STEP CRYSTALAC

EXTRAORDINARY DURABILITY AND FABOLOUSLY VIVID COLORS IN 3 STEPS

Extraordinary durability and fabulously vivid colors in 3 STEPS. This product is providing you the persistency of the color gels and the ease of polishes. It spreads gently on the nail surface. The curing time is 2-3 minutes in LED lamp, and 1-2 minutes in UV lamp, so your clients don't have to be careful with them as with a nail polish. Thanks to the PolyHybrid technology it is more durable and has a better coverage. These colors are highly pigmented. The attached brush is perfectly matches the surface of the nail plate, so you can work more precisely and smoothly. This unique jar is not just spectacular but practical as well: your customer can easily pick their favorite color just look at them. Use the Compact Base Gel, Compact Base Gel Plus, Builder Base Gel, Base Gel, SmartGummy Rubber Base Gel or Elastic Hardener. For top we recommend to use the followings: Clear 0/Top CrystaLac, Cool Top Gel (Universal, Original, 4Dark) or Mattever Top Gel. It can be soak-off about in 10 minutes (depending on the thickness of the layer and the removing material). Curing time is 2-3 minutes in UV lamp, 1-2 minutes in LED lamp. **Applied in thin layers, cured 90 seconds per each layer in UV/ LED lamp they cover in the marked intensity.**

1. CONFETTI CRYSTALAC

The Confetti collection of the 3 Step Crystalac product group is reminded of the gatherings of friends or family, parties, a good holiday, all the joyous experiences that bring happiness to life. These Milky shades contain different sizes of colorful glitters and they can be used individually in two thin or one normal layer. (Depends on the strength of the lamp.) There are bigger grains in it, so recommended to use a 0 Short or Art Design brush to align the particles. They come with all shades of mica, so they look great combined with all the popular spring and summer colors.

★ The big glittery 3 STEP Crystalacs are denser than the usual gel polishes, so when the material starts to run out, it can be extracted with the gel brush 4 too.

! It reaches its final color after curing.

TIGER EYE SILK CRYSTALAC – SILK EFFECT TIGER EYE CRYSTALAC

Tiger
Eye

Tiger Eye Silk has the powerful magnetism of Infinity, but as the classic Tiger Eye, it is effective even without a base color. All colors contain white light magnetic particles, so when magnetized on 3 sides, the surface becomes silky. After the brighter colors of the summer, this collection includes more refined tones, which harmonize with each other, so they can even be applied on the guest's nails as a set!
Curing time in UV 2-3 minutes, in LED 1-2 minutes.

4ml

Scan the QR code and watch the video!

Silky elegance
The nail set was made with Xtreme Fusion AcrylGel Greige and Tiger Eye Silk Moon. The design was made with tendril pattern nail stickers. (By Ágnes Sebestyén)

CN advice:
use any of our (double-sided or multiform) magnets!

Tiger
Eye

SPECIAL EFFECTS

TIGER EYE CRYSTALAC *Tiger* Eye

REAL TIGER EYE EFFECT, THANKS FOR THE SUPER STRONG MAGNETS

Unique tiger eye effect on the nails, moving the hands in the light: the reflection of the light will move around on the nail. Thanks to its components, we can control the particles inside the gel polish, using the special magnets. Use the magnets after the 2nd layer. Hold above the surface of the nail around 3-4 mm for 4-5 seconds and then cure it.

Curing time: in UV lamp 2-3 minutes, in LED lamp 1-2 minutes. (depending on the strength of the lamp)

TIGER EYE INFINITY CRYSTALAC

We have been waiting a long time for this effect in Tiger Eye product line! The Infinity tiger eye effect not just reflects the light, it even changes its color! It is now available in 9 beautiful, highly pigmented shades. Every shade changes if you look at them from a different angle and they react differently to the natural/warm/cold lights! At least three different colors in just one Tiger Eye Crystalac shade.

Curing time: in UV lamp 2-3 minutes, in LED lamp 1-2 minutes.

Limited!

TIGER EYE INFINITY CRYSTALAC HOLO

The latest trend among Tiger Eye Infinity Crystalacs is the Holo shade, which not only shows a glowing-moving stripe but also sparkles like a rainbow, magnetized from the 4 sides. Different dimensions of the material can be achieved by using different color bases thanks to the magnetic holo mica.

Attention! You should use the same side of your magnet - for all 4 sides - to achieve the desired effect.

TIGER EYE INTENSE RED

Tiger Eye's new, red shade in the Intense category combines the properties of the classic Tiger Eye CrystaLac and Infintiy Tiger Eye CrystaLac, as it is characterized by strong magnetism, but the beautiful red shade is also effective without a base color. Flexible and dissolvable, a unique tiger eye effect is visible on the surface as you move your hand in the light. Any magnet can be used, but with the Multiform Tiger Eye magnet you can easily create patterns that were previously only available by using two magnets together. This color will be a must have for salons.

Curing time: 2-3 minutes in UV lamp, 1-2 minutes in LED lamp.

4ml

Scan the QR code and watch the video!

TIGER EYE INTENSE RED

MULTIFORM TIGER EYE MAGNET

With this Tiger Eye Magnet you can create shapes. The strong magnet covers the whole surface of the nail, so you can easily create S, X shapes with it.

SUPER STRONG TIGER EYE MAGNET

We recommend it for magnetic techniques with 2 or more magnets.

SPECIAL EFFECTS

MOSAIC CRYSTAL LIQUID DECORATION LIQUID FOR CRACKING EFFECT

Go crazy with our spring shades by the Mosaic Crystal Liquid. Use this on vivid color or any sparkling material and let the liquid do its job! If you would like to reach smaller cracks, apply it in a thin layer but if you want to see more massive, more spectacular cracks, use it in a thicker layer. It cures on air.

4ml

CHROMATIC CRYSTALAC

Bring some twist to your work with the Chromatic Crystalac, which has a colorchanging, hologram-like effect, a new member of the 3 Step CrystaLac. Gleaming playfully in the sunlight, the color-changing effect has been the favorite for a long time which was not available in 3 STEP gel polish ever before! The usage of this product is identical to the other 3 Step CrystaLacs, despite that the result will be wonderfully glittering and sparkling in the sunlight. It will cover nicely on its own, but you can use different colors, it depends on what kind of effect you would like to achieve.

The curing time is 2-3 minutes in UV lamp and 1-2 minutes in LED lamp.

CN Advice: The Rosegold shade is a perfect match to the Cover nr. 2 CrystaLac.

4ml

AQUAINK CRYSTAL DROPS

The new generation among the art liquid product lines. Quick and easy to use. The best base color for this material is white but you can use any pastel or „milky cover” color (Milky White Compact Base Gel). It dries on air. What is important that the surface must be scratch-free and completely matte.

Recommended brushes: Phantom, Art Design, Aquarell.

Relative liquids: Nail Prep, Cleanser, Acryl Remover, Easy Remover.

Layer order: color, Cool Top Universal Gel, scratch-free buffing, AquaInk Crystal Drops, Cool Top Universal Gel (we don't recommend using Cool Top 4 Dark on it, since it can cause color fading).

4ml

USAGE:
Use Aceton
for sharper effect,
but for more blurred
effect use
with Nail Prep

SPECIAL EFFECTS

ANGORA CRYSTALAC SUPER SOFT SWEATER EFFECT GEL POLISH

The Angora 3 Step CrystaLac is the favorite of the holiday/winter season. This can be the modern version of the most popular sweater patterns. In combination with the Royal Cream Gels, we can create unique winter designs.

Curing time: In UV lamp 2-3 minutes, in LED lamp 1-2minutes. (depending on the strenght of the lamp)

4ml

WATERPRO CRYSTALAC NON-CLEANSING, SOAK OFF, CRYSTALACS FOR THE PROFESSIONAL „WATERWAY” TECHNIQUE

You can drop any type of 3 STEP CrystaLac or ONE STEP CrystaLac into this non-cleansing, soak off WaterPro CrystaLac. With a thin brush (0 Short or 0 Long) or with a nail art needle you can create different waterway designs.

4ml

AURORA CRYSTAL LIQUID

The Aurora Crystal Liquid is an art liquid that can change the color depending on the temperature and it will look like the the northern light: Aurora Borealis. You can use it on any CrystaLac or Color Gel surface, but we recommend you to use a darker shade to prevail over the whole color scale. Use this way: Matte (use a buffer) the non-cleansing base or if you use a material that requires cleansing, cover the surface with Cool Top Universal Gel and then matte the surface. Use any of the patterns (tendrils, flowers geometric patterns, etc.), then apply Aurora Crystal liquid to the nail surface and wait for it to dry on air. It needs 3-4 minutes, depending on the thickness of the layer, which can be faster if you are using a fan. When it is dried, the product will be translucent. After this, file the edge of the nail and finally cover it with Cool Top Universal Gel in 2 layers. Don't forget to cover the edge.

Attention! If you use this product on the whole nail surface, the material won't remain durable. Use it for decorations that don't reach the edges of the nail plate.

4ml

3 STEP CrystalLac Gel Polish

SENS BY CRYSTAL NAILS '3G POLISH' (GEL POLISH)

WITH MAXIMUM PIGMENTATION

For top we recommend to use the followings: Clear 0/Top CrystaLac, Cool Top Gel (Universal, Original, 4Dark) or Mattever Top Gel. It can be soak-off about in 10 minutes (depending on the thickness of the layer and the removing material). Curing time is 2-3 minutes in UV lamp, 1-2 minutes in LED lamp. **Applied in thin layers, cured 90 seconds per each layer in UV/ LED lamp they cover in the marked intensity.**

1. CONFETTI CRYSTALAC

The Confetti collection of the 3 Step Crystalac product group is reminded of the gatherings of friends or family, parties, a good holiday, all the joyous experiences that bring happiness to life. These Milky shades contain different sizes of colorful glitters and they can be used individually in two thin or one normal layer. (Depends on the strength of the lamp.) There are bigger grains in it, so recommended to use a 0 Short or Art Design brush to align the particles. They come with all shades of mica, so they look great combined with all the popular spring and summer colors.

★ The big glittery 3 STEP Crystalacs are denser than the usual gel polishes, so when the material starts to run out, it can be extracted with the gel brush 4 too.

! It reaches its final color after curing.

BRAND NEW! PEARLY 3 STEP CRYSTALAC

The 3 STEP CrystaLac Pearly collection has arrived. With these shades you can easily create a rose pattern with just one decorating needle. In the spirit of „all old fashions are coming back“, our new pearlescent gel polishes offer a sophisticated look when applied on a full surface. They are also good for decorations, since they provide an exciting and elegant style. A „must have“ for brides! Apply the pearly 3 STEP and before curing use the button part of the decorating needle to create the desired pattern with small circular movements on the surface of the material, then cure it. Your spectacular but very simple decoration is ready.

TIGER EYE SILK CRYSTALAC – SILK EFFECT TIGER EYE CRYSTALAC

Tiger
Eye

Tiger Eye Silk has the powerful magnetism of Infinity, but as the classic Tiger Eye, it is effective even without a base color. All colors contain white light magnetic particles, so when magnetized on 3 sides, the surface becomes silky. After the brighter colors of the summer, this collection includes more refined tones, which harmonize with each other, so they can even be applied on the guest's nails as a set!
Curing time in UV 2-3 minutes, in LED 1-2 minutes.

4ml

Scan the QR code and watch the video!

Silky elegance
The nail set was made with Xtreme Fusion AcrylGel Greige and Tiger Eye Silk Moon. The design was made with tendril pattern nail stickers. (By Ágnes Sebestyén)

CN advice:
use any of our (double-sided or multiform) magnets!

SPECIAL EFFECTS

TIGER EYE CRYSTALAC *Tiger* Eye

REAL TIGER EYE EFFECT, THANKS FOR THE SUPER STRONG MAGNETS

Unique tiger eye effect on the nails, moving the hands in the light: the reflection of the light will move around on the nail. Thanks to its components, we can control the particles inside the gel polish, using the special magnets. Use the magnets after the 2nd layer. Hold above the surface of the nail around 3-4 mm for 4-5 seconds and then cure it.

Curing time: in UV lamp 2-3 minutes, in LED lamp 1-2 minutes. (depending on the strength of the lamp)

Eye

TIGER EYE INFINITY CRYSTALAC

We have been waiting a long time for this effect in Tiger Eye product line! The Infinity tiger eye effect not just reflects the light, it even changes its color! It is now available in 9 beautiful, highly pigmented shades. Every shade changes if you look at them from a different angle and they react differently to the natural/warm/cold lights! At least three different colors in just one Tiger Eye Crystalac shade.

Curing time: in UV lamp 2-3 minutes, in LED lamp 1-2 minutes.

Limited!

TIGER EYE INFINITY CRYSTALAC HOLO

The latest trend among Tiger Eye Infinity Crystalacs is the Holo shade, which not only shows a glowing-moving stripe but also sparkles like a rainbow, magnetized from the 4 sides. Different dimensions of the material can be achieved by using different color bases thanks to the magnetic holo mica.

Attention! You should use the same side of your magnet - for all 4 sides - to achieve the desired effect.

TIGER EYE INTENSE RED

Tiger Eye's new, red shade in the Intense category combines the properties of the classic Tiger Eye CrystaLac and Infintiy Tiger Eye CrystaLac, as it is characterized by strong magnetism, but the beautiful red shade is also effective without a base color. Flexible and dissolvable, a unique tiger eye effect is visible on the surface as you move your hand in the light. Any magnet can be used, but with the Multiform Tiger Eye magnet you can easily create patterns that were previously only available by using two magnets together. This color will be a must have for salons.

Curing time: 2-3 minutes in UV lamp, 1-2 minutes in LED lamp.

4ml

Scan the QR code and watch the video!

TIGER EYE INTENSE RED

MULTIFORM TIGER EYE MAGNET

With this Tiger Eye Magnet you can create shapes. The strong magnet covers the whole surface of the nail, so you can easily create S, X shapes with it.

SUPER STRONG TIGER EYE MAGNET

We recommend it for magnetic techniques with 2 or more magnets.

TWO-HEADED EXTRA STRONG TIGER EYE MAGNET

Two-headed Tiger Eye magnet with thicker, extra strong magnets.

TIGEREYE MAGNET - SMALL

Patterns with the Two-headed extra strong Tiger Eye magnet

Patterns with Super Strong Tiger Eye magnet

SPECIAL EFFECTS

MOSAIC CRYSTAL LIQUID DECORATION LIQUID FOR CRACKING EFFECT

Go crazy with our spring shades by the Mosaic Crystal Liquid. Use this on vivid color or any sparkling material and let the liquid do its job! If you would like to reach smaller cracks, apply it in a thin layer but if you want to see more massive, more spectacular cracks, use it in a thicker layer. It cures on air.

4ml

CHROMATIC CRYSTALAC

Bring some twist to your work with the Chromatic Crystalac, which has a colorchanging, hologram-like effect, a new member of the 3 Step CrystaLac. Gleaming playfully in the sunlight, the color-changing effect has been the favorite for a long time which was not available in 3 STEP gel polish ever before! The usage of this product is identical to the other 3 Step CrystaLacs, despite that the result will be wonderfully glittering and sparkling in the sunlight. It will cover nicely on its own, but you can use different colors, it depends on what kind of effect you would like to achieve.

The curing time is 2-3 minutes in UV lamp and 1-2 minutes in LED lamp.

CN Advice: The Rosegold shade is a perfect match to the Cover nr. 2 CrystaLac.

4ml

AQUAINK CRYSTAL DROPS

The new generation among the art liquid product lines. Quick and easy to use. The best base color for this material is white but you can use any pastel or „milky cover” color (Milky White Compact Base Gel). It dries on air. What is important that the surface must be scratch-free and completely matte.

Recommended brushes: Phantom, Art Design, Aquarell.

Relative liquids: Nail Prep, Cleanser, Acryl Remover, Easy Remover.

Layer order: color, Cool Top Universal Gel, scratch-free buffing, AquaInk Crystal Drops, Cool Top Universal Gel (we don't recommend using Cool Top 4 Dark on it, since it can cause color fading).

4ml

USAGE:
Use Aceton
for sharper effect,
but for more blurred
effect use
with Nail Prep

SPECIAL EFFECTS

ANGORA CRYSTALAC SUPER SOFT SWEATER EFFECT GEL POLISH

The Angora 3 Step CrystaLac is the favorite of the holiday/winter season. This can be the modern version of the most popular sweater patterns. In combination with the Royal Cream Gels, we can create unique winter designs.

Curing time: In UV lamp 2-3 minutes, in LED lamp 1-2minutes. (depending on the strenght of the lamp)

4ml

WATERPRO CRYSTALAC NON-CLEANSING, SOAK OFF, CRYSTALACS FOR THE PROFESSIONAL „WATERWAY” TECHNIQUE

You can drop any type of 3 STEP CrystaLac or ONE STEP CrystaLac into this non-cleansing, soak off WaterPro CrystaLac. With a thin brush (0 Short or 0 Long) or with a nail art needle you can create different waterway designs.

4ml

AURORA CRYSTAL LIQUID

The Aurora Crystal Liquid is an art liquid that can change the color depending on the temperature and it will look like the the northern light: Aurora Borealis. You can use it on any CrystaLac or Color Gel surface, but we recommend you to use a darker shade to prevail over the whole color scale. Use this way: Matte (use a buffer) the non-cleansing base or if you use a material that requires cleansing, cover the surface with Cool Top Universal Gel and then matte the surface. Use any of the patterns (tendrils, flowers geometric patterns, etc.), then apply Aurora Crystal liquid to the nail surface and wait for it to dry on air. It needs 3-4 minutes, depending on the thickness of the layer, which can be faster if you are using a fan. When it is dried, the product will be translucent. After this, file the edge of the nail and finally cover it with Cool Top Universal Gel in 2 layers. Don't forget to cover the edge.

Attention! If you use this product on the whole nail surface, the material won't remain durable. Use it for decorations that don't reach the edges of the nail plate.

4ml

 Crystal Nails®

One STEP CrystaLac Gel Polish

ONE STEP CRYSTALAC

FAST GEL POLISHING, BRIGHT COLOURS

Non-fixing, flexible, removable, brush-on CrystaLac. Up to 2 coats, no curing required. If you want to increase the shine use the Cool Top Gel (Universal, Original, or 4Dark). Instead of 2 weeks, with a strengthened base gel you can wear it for several weeks (e.g. Compact Base&Builder Gel, Sens Base&Builder Gel, Elastic Hardener Base&Builder Gel)

Curing time in UV lamp: 2-3 minutes, in LED 1-2 minutes (depending on lamp intensity)

4ml
8ml

Available only in 17g and 28g!

COVER PINK CRYSTAL

A SPARKLING SHADE FOR NAIL BED EXTENSION

- very nice pearlescent shade
- icy crystal cold effect
- with a Cover Pink base, suitable for most skin tones

The cover pink material for nail bed extension and for hiding the growth of the smile line. A natural nail bed shade. Available in several shades for all skin tones. For the perfect spreadability and color effect, wipe off the excess liquid on a dry paper towel.

For the perfect coverage it should be applied in a more thicker layer on the smile line and thinned around the cuticle area. It can be used on its own, but if you wish, you can cover the Cover Pink shades with Transparent Pink powder, so you can achieve a more spectacular effect.

Classic French Nails

The nails set was made with Soft White and Cover Pink acrylic powders. (By Barbara Magyarosi)

BABYBOOMER ACRYLIC KIT / ACCESSORIES

BABYBOOMER ACRYLIC KIT - FOR BABYBOOMER TECHNIQUE

The restrained style Baby Boomer technique is very popular. The technique is based on blending the white free edge with the color of the nail bed. This is also growth-free technique, yet the overall look is much more natural than the classic French. It is easy to make Baby Boomer nails with this kit, all you need is your favourite acrylic brush which is not included in this box. (It looks great with any decoration, whether it's a sugar effect, a velvet powder, a mermaid powder or even a gel painting.)

The kit contains:

- Soft White Slower Powder 17g
- Xtreme Crystal Clear Slower Powder 17g
- Cover Pink Master Powder 17g

CRYSTAL LIQUID

A high quality, non-yellowing liquid, which provides good curing time. A strong, air-cure, odorous blue liquid in which the acrylic grains bind extremely firmly without yellowing. Its special composition gives the material flexibility for both decoration and building.

- 40ml
- 100ml
- 500ml

Strong Liquid, with maximal adhesion!

The material of the World Champion

UV LIQUID

Odourless, bluish liquid. Characterized by long spreading time (can be shaped for as long as required), as it only sets under UV light. The sticky layer on the surface (can be easily removed with an old, used file) makes it slower to work with than the smelly version.

- 40ml

LIQUID HOLDER

Double-walled, heat balancing liquid holder to keep your acrylic powder's curing time from speeding up in summer and slowing down in winter. Provides the optimum temperature for the right curing speed. The brush can be fully dipped into the liquid without touching the bottom of the jar. This allows more fluid to be applied to the brush without damaging the brush tip. The cork stopper prevents evaporation of the liquid.

ACRYLIC COLOR POWDERS

FINE GRINDING, STRONG PIGMENTATION, OPTIMAL CURING TIME

DECOR ACRYLIC POWDERS

Powders with high covering power in a wide range of variety. They are finely milled and require more Liquid than building powders. Powders that contain color pigments, glitters should always be wiped on dry paper towel to get the right color effect and texture. This step makes it easy to work with your favourite color powder. When you use the color powders, build a thin, transparent base or apply them directly to the stencil. Cover them with Clear powder!

★ Available in 3,5g too!

ALL THE COLOR POWDERS ON THIS PAGE ARE AVAILABLE IN 7G AND 3,5G PACKAGING.

7g
3,5g

Extraordinary colour vibrancy and coverage

CRYSTALWIPE NAIL AND HAND CLEANER WET WIPE (WITH CRANBERRY SCENT)

OPTIMAL PH VALUE

It allows you to easily remove all the staining that has accumulated in the nail folds and on the skin surface. It is especially effective for removing dust and skin residue after preparation from the nail folds and the surface of the nail plate. Also, removing excess cuticle oil is not a problem before photoshooting. With its unique formula, it cleans, degreases and nourishes the surface of the skin and nail in one step, and does not affect the adhesion of the materials. Thanks to its lactic acid content, it has an optimal pH value, so it does not dry out and leaves no traces on the skin surface. The special fluffy material of the cloth traps surface dirt and provides easy access to even the most difficult to reach areas. Using a cloth, you can clean up to all 10 nails and fingers with its magical scent of blueberries.

CRYSTALSEPT HAND AND SKIN SANITIZER SPRAY AND REFILL

Apply directly on hands or other areas of the skin to be disinfected. Antimicrobial spectrum: bactericide (MRSA), tuberculocide, fungicide, virucide (HBV, HIV inactivating). Available in a practical spray dispenser or in economical 1 liter refill version.

Attention!
H226 Flammable liquid and vapour. Pay attention to safety when using biocides! Always read the label and user manual before use!

250ml

1000ml

PREPARATORY AND ADDITIONAL LIQUIDS

CRYSTALSEPT SANITIZING SOAP

A bactericidal, antifungal and antiviral soap for salon and home use. Apply on wet hands as it is written in the instructions.

Sanitizing soap: Antimicrobial spectrum-effect: bactericide, yeasticide. Available with practical dispenser pump in Natural or fresh Lemon scents.

Liquid soap

500ml

H315 Skin irritant.

H318 Causes serious eye damage

H410 Very toxic to aquatic life

Pay attention to safety when using biocides!

Always read the label and user manual before use!

CRYSTALSEPT HAND SANITIZER GEL

A bactericidal, antifungal and antiviral gel for salon and home use. Apply on dry hands as it is written in the instructions.

Antiseptic gel: Antimicrobial spectrum: bactericide (MRSA), fungicide, tuberculocide. Available with practical dispenser pump with Aloe Vera scent.

Hand sanitizing gel

500ml

Attention!

H226 Flammable liquid and vapour.

Pay attention to safety when using biocides!

Always read the label and user manual before use!

SPRAY PREP ANTISEPTIC SPRAY WITH ALCOHOL

A large amount of nail preparatory liquid in a practical spray form. Due to its degreasing effect it helps the adhesion of the nail form on the skin. Use it instead of Nail Prep with brush as degreasing cleaning liquid sprayed on the nails.

- degreasing and dehydrating effect

- It can be sprayed on both our and the guest's hands.

100ml
Spray Prep Refill 500ml

13ml

NAIL PREP

Dehydrating, PH - balancing preparatory liquid. Before using the Primer you have to wait until it completely dries. Its composition is the same as Spray Prep's. Use it before nail extension with tip.

PRIMER (WITH ACID)

Adhesion promoter liquid which distracts the moisture from the layers of the nail. Apply when the Nail Prep or Spray Prep completely dried. It should be applied in a thin layer on the surface, but first Remove the excess from the brush on the bottle's neck or wipe the brush on a dry paper towel.

Due to its acid content it must not touch the skin. It must fully dry, since it completes its effect over this time! If it gets on the surface in a thick layer the nail plate would only dry seemingly.

Use only on problematic nails.

13ml

USAGE STEPS OF PREPARATION LIQUIDS:

PREPARATORY AND ADDITIONAL LIQUIDS

CRYSTALSEPT SANITIZING SOAP

A bactericidal, antifungal and antiviral soap for salon and home use. Apply on wet hands as it is written in the instructions.

Sanitizing soap: Antimicrobial spectrum-effect: bactericide, yeasticide. Available with practical dispenser pump in Natural or fresh Lemon scents.

13ml

HEMA FREE ACID FREE PRIMER

Acid-free primer without HEMA ingredients. A completely acid-free, adhesion-promoting liquid that does not dry completely, leaving a sticky layer. Therefore, it must be applied thinly, because this sticky part will act as a double-sided adhesive between the nail plate and the material that is placed on it. If you apply more of the acid-free primer, this sticky part will be a little thicker, so the material on it will not stick to the nail plate, and separation may occur. The excess from the brush should be removed on the neck of the bottle or using a dry paper towel, so that we can avoid applying too much product on the nail.

13ml

NO BUFFER SCRUB - MILD AND SUPERFAST PREPARATORY

Mild and superfast preparatory liquid for CrystalLac. Newly developed preparatory material that makes the classic CrystalLac and the ONE STEP CrystalLac processes ever so mild. The No Buffer Scrub replaces the Nail Prep/Spary Prep and the Primer as well as the buffering before ONE STEP CrystalLac. It has a strong dehydrating and degreasing effect so the nail does not need any more preparation. Soak a fiber-free paper towel in No Buffer Scrub and rub the nail with it thoroughly. To have a better result after some fingers change the paper towel and get a new one.

40ml
100ml

CLEANSER - A GEL FIXING LIQUID

This cleansing product removes the sticky layer of builder gels and gel polishes. For clean and shiny nails. Available in different sizes!

40ml
100ml
Refill: 500ml

SCENTED CLEANSER - A GEL FIXING LIQUID

This scented cleansing product removes the sticky layer of builder gels and gel polishes. Leaves a nice scent (strawberry, cinnamon plum and tutti-frutti) on the skin and shiny nails.

40ml
100ml
Strawberry scent refill: 500ml

Usage:
Use on natural nail plate to skip the buffering!

PREPARATORY AND ADDITIONAL LIQUIDS

XTREME FUSION ACRYLGEL THINNER

Not Cleanser and not Liquid, this is a brand new material for AcrylGel! This new additional liquid was developed for Xtreme Fusion AcrylGel. It does not dry the fur of the brush and it does not have an unpleasant smell like the liquid has. It makes the colors more vivid.

40ml

Check the Xtreme Fusion AcrylGel range on page 10.

SCENTED CRYSTAL NAILS TIP-, ACRYLIC AND CRYSTALAC REMOVER

Extra strong remover liquid for tip-, acrylic and CrystaLac with aloe vera, glycerine and panthenol. The aloe vera is nourishing and moisturizing the skin and the panthenol makes it so soft. In camomile and green tea scents.

100ml
1l

UNIVERSAL REMOVER KIT

With the help of the kit CrystaLac, tip, acrylic and nail polish can be removed easily. The removing process is more effective and material saving.

The kit contains:

- 20 pcs remover foils
- 2 pcs wooden sticks (to push back the cuticle and remove the dead skin from the nail plate)
- Acryl Remover 30ml
- Soft touch buffer

ACRYL REMOVER

Tip, acrylic and CrystaLac remover liquid with lanolin that protects the skin from drying and becoming white.

100ml

Use with remover foil!

SENS CUTICLE SERUM - CUTICLE OIL

Finish your work like a ritual with 24K golden flakes!

This skin-caring serum contains 24 carats golden flakes, royal jelly, and silk amino acids in order to reach the maximum level of care. The ingredients have naturally intensive and deep hydration virtue which can help the skin remain tight and smooth. It has a slightly fruity scent. One of its advantages is that it is not oil-based so it helps the skin caring without leaving a bright oily stain. After the use of the serum, the nailbed will be soft and ready for photo shooting. You don't have to start a long procedure trying to get rid of the remaining oil patches which would ruin the aesthetic of the picture. This product is so elegant, it will be the jewelry of your salon.

FILES

[tiktok.com/
@crystalnailsofficial](https://www.tiktok.com/@crystalnailsofficial)

[instagram.com/
crystalnailshu](https://www.instagram.com/crystalnailshu)

[facebook.com/
crystalnails.hungary](https://www.facebook.com/crystalnails.hungary)

XTREME FILES

They are made with new grain adhesion technology, making them more lasting than ever before. They are made from flexible grains and are much stronger than their conventional counterparts, making them extremely durable.

XTREME 100/180 (RED)

For stronger or larger material removal.

XTREME 150/150 (BLUE)

For shaping and tip filing.

XTREME 100/100 (PURPLE)

For surface filing, removing coloured gels and acryl powders.

XTREME 180/180 (GREEN)

For matting and finer filing

Flexible grains:
no scratch-slip on the
surface, but grips the
surface material and
grabs it better.

CLASSIC (ZEBRA) FILES

Our classic (zebra) files are made with the finest Japanese paper. Therefore, the matching number represents a finer type of file than the Xtreme.

PROFESSIONAL 100/180 (RED)

For stronger or larger material removal

PROFESSIONAL 150/150 (BLUE)

For matting, shaping, tip filing.

PROFESSIONAL 100/100 (PURPLE)

For edge filing, removing coloured gels and acryl powders.

PROFESSIONAL 180/180 (GREEN)

For finer filing and refining.

Japanese paper files!
Use it like this:
Compared to the same
number of Xtreme files,
they are a bit finer.

FILES

DISINFECTABLE AND REGULAR FILES

IRONX FILES 100/100, 150/150, 180/180, 150/180

The IronX family of files has a half moon shape and a special surface. The surface is waterproof - 100 disinfectant and the dust trapped between the grains can be easily removed with a nailbrush. Their resistance makes them stronger and 4-5 times more durable, than files with the same numbering.

ULTRA PROFESSIONAL

100/180

STRAIGHT BLACK

100/180. Durable grit

PINK

150/280. For natural nails

WOODEN FILE

120/180. For hardly accessible locations such as sidewall points. For manicures and acrylic nails.

CURVED-STRAIGHT BLACK

100/180. Durable grit.

STRAIGHT WHITE

80/100 – For rough filing.

DROP

180/180. For matting

DROP SHAPED FILE

For smile line, 100/150

Files for
extreme
thoroughness

XTREME STAINLESS STEEL FILES

Long lasting files with super strong 80/120 grit, not only for natural nails. Thanks to their stainless steel material, they have an extraordinary working life and durability. With their rounded tip and two different grain sizes, they are equally suitable for manicure, pedicure and nail treatments. Try them for filing the side walls of built up nails or even shaping the smile line, their disinfectant compatibility is not negligible.

XTREME STAINLESS STEEL FILE, LONG - 16 CM

Thanks to its length and strong grain structure, it is an excellent choice for manicure and artificial work. 80/120

XTREME STAINLESS STEEL FILE SHORT - 14 CM

Rövidebb reszelőfelületével és lekerekített hegyével kitűnő választás pedikűr és manikűr munkálatokhoz egyaránt. 80/120

4X4 FILE KIT

If sometimes you can't find it on your desk - the materials and tools you're using- the file you need to make the perfect current workflow, we have good news! The 4x4 file kit was made for you, which can be converted into a file holder in a few simple moves. You can store a month's supply of files in a handy holder: just tear off the top along the perforation, and snap the two tabs opposite each other towards the inside of the box - these will hold the separate the file types - and you're done! In addition, the 16 files - 4 types, 4-4 of each - in a set at a fantastic price.

- The kit contains:
- 4 pcs of Classic (Zebra) 150/150 blue
 - 4 pcs of Xtreme 100/100 purple
 - 4 pcs of Xtreme 150/150 blue
 - 4 pcs of Xtreme 180/180 green

A monthly dose, with extra discount!

IRONX BUFFER

100/180. The new member of the IronX family, which is 4-5x longer life compared to traditional buffers. Water resistant surface - also 100% disinfectant.

FINING BUFFER, PINK

180/200 Stronger and more durable

FINING BUFFER, WHITE

220/280 Stronger, more durable

BUFFERS

BLACK-ORANGE BRICK BUFFER

100/180/180

BLACK-PURPLE BRICK BUFFER

60/100/100

WHITE BRICK BUFFER

180/180

FINE MATTING BUFFER

200/200 strength, soft, flat, rectangular buffer. It has a large surface area in contact with the nail, so it can be used to mattify the nail surface in just a few strokes. For CrystaLac, it is used to prepare the nails before using Spray Prep

Gentle!

Don't file!
Don't fluff!
Matte gently!

USAGE:
For preparing the nails for
CrystaLacs

MAGIC SHINE FINE-BUFFER - 2WAY

600/3000

MAGIC SHINE BLOCK FINE-BUFFER

600/3000 Thinner, so it's even more comfortable to work with! It contacts the nail over a large surface area at a time.

Use it on its own for beautiful, shiny nails! When polishing acrylic nails, for example with it you can achieve the most beautiful result.

Silk Blue

crystalnailshu](https://www.instagram.com/crystalnailshu)

[facebook.com/
crystalnails.hungary](https://www.facebook.com/crystalnails.hungary)

BRUSHES

SENS SYNTHETIC ROUND BRUSH

Synthetic hair gel brush for construction. The softer type, longer hair design allows for a more even spreading of the material over the nail surface. Its rounded edge makes it easier to work the gel towards the back skin, and the edge of the smile line. It is also an excellent aid for coating the nail surface and for thin application of gel polishes.

SENS NATURAL 3D PRODUCT-LINE

3D XS/S SIZES:

These are best for creating small patterns. It provide us the opportunity to be more creative and artistic. You can use for gel polish decorations (e.g. flowers, leaves).

3D M SIZE:

For smaller amounts of material. The smaller brush size makes it easier to work more detailed. Less flexible, more force can be applied.

3D L SIZE:

Recommended size for larger designs and shapes, for smoothing the surface. It is flexible to help evenly spread the material. Also suitable for filling acrylic nails.

SENS SYNTHETIC BLEND BRUSHES

FAMILY OF SYNTHETIC BRISTLE BRUSHES DEVELOPED FOR ONE STROKE TECHNIQUE, SHADING

Flat, bevelled brushes, available in different sizes to make your work easier. Suitable for both gel and acrylic paint. The brush size should be chosen according to the size of the motif.

S: for creation of small patterns, shading

M: a smaller brush for smaller patterns.

L: larger brush size for larger patterns.

NATURAL LINER

Natural hair brush for aquarell or acrylic painting, with a delicate shape that allows you to draw even the thinnest lines.

NATURAL SHADOW

Solid, wide bodied, cylindrical brush with natural hair. Ideal for shading, large motifs, acrylic or watercolour painting.

BRUSHES

SYNTHETIC LINER BRUSHES:

A family of synthetic brushes specially developed for lines, with hair-thin bristles.

S SIZE:

(3 mm) For extremely fine, thin, short lines, small additions

M SIZE:

(6 mm) It is generally used for contouring, even for the application of decorative beads.

L SIZE:

(9 mm) Best for longer/wider/straight lines.

SYNTHETIC ART:

Excellent for gel painting, creating different petals, shading. Tiny brush in the shape of a cat's tongue. Its fine, soft, flexible synthetic hairs allow for the spotless application of denser paint gels (e.g. Art gel, Art Gel PRO).

K-COLOR BRUSH

The perfect brush for color lovers! Soft, synthetic hair brush, similar to the popular Gelly brush. Specially developed to apply different colored gels and to make any color shades. The flat base of the brush provides stability for the brush hairs (head) during use. Its thinness makes it easier to use and ensures a smooth and even application. The precise, cat-tongue tipped brush allows for the most precise application around the cuticles, and its incredible thinness helps you achieve the perfect colour for an absolutely monochrome effect.

**GELLY GEL BRUSH**

Synthetic gelly jewellery brush. Its softer, longer, nicely flattened hairs with a precise rounded edge allow for a smoother application of the special textured Gelly Cover Pink Builder Gel. Very good for smile line edge design. It is easier to work the material towards the back skin fold thanks to its rounded edge. Also excellent for Royal Gel, color gel and for covering the entire nail surface.

**NERO MERLO II.**

Soft, natural hair brush of outstanding quality. Slightly wider and longer hairs than the 6 Gel brushes. The precision cut edges make it very accurate. Thanks to its special head shape, it is an indispensable accessory for perfect, professional salon-level work. Recommended for medium density and softer materials such as Titanium Gel, Builder Clear I-II, Cover gels or pink builder gels.

**NERO MERLO III.**

Natural hair, harder type, superior quality brush. Short, wide head. Hair shape and length identical to the Firm Gel brush. Precisely cut edges make it very precise to work with. Recommended for thicker builder gels such as Xtreme Clear and Xtreme Pink.

BRUSHES

XTREME GEL BRUSH

Synthetic hair gel brush with 1mm longer hair than the 6 Gel brush. Recommended for medium density and softer materials such as Titanium Gel, Builder Clear I-II, Cover gels, pink builder gels or white gels.

6 GEL BRUSH

Synthetic hair gel brush. Recommended for medium density and softer materials such as Titanium Gel, Builder Clear I-II, Cover gels, pink builder gels or white gels.

4 GEL BRUSH

Small gel brush with synthetic hair. Mainly used for color materials, but also suitable for applying white builder gel.

XTREME FUSION ACRYLGEL BRUSH WITH SPATULA

Our brand new Xtreme Fusion double-ended brush, specially developed for the Fusion AcrylGel product line, has finally arrived. It is a stronger, more durable, high-quality natural hair A6-sized brush with a spatula on the other side, so the acrylgel can be applied and processed faster with the help of just one tool. The rosegold detailed spatula and the pearl white case give this tool an eye-catching look. Just looking at this brush is an experience, and working with it is perfection itself.

XTREME (HARDER) ACRYLIC BRUSH

Natural hair, size 8, flattened, professional acrylic builder brush for experienced users. Made from a harder type of high quality hair for high extraction and pushing power.

**A6 ACRYLIC BRUSH**

Acrylic builder brush with natural hair, size 6. Recommended for color materials due to its small size. Made of softer type of hair.

**LOOP DECORATING JEWEL BRUSH**

Synthetic brush with fine soft hairs. For gradient painting (one stroke, shading). Especially for motifs with a rounded curve (bows, butterflies, flowers, leaves). Doesn't streak the material, has just enough pressure. It is perfect for shadowing, gel painting. It's great for curved patterns, perfect for thick and soft materials.

**PHANTOM DECORATING JEWEL BRUSH**

Decorating brush with natural hair. Suitable not only for gel painting but also for acrylic or aquarell painting. Its size and softness make it perfect for gradient in gel painting. It has a slightly „fuller” shape than the Art Design brush.

**ART DESIGN BRUSH**

Natural hair brush with a thin, precise tip. With 5mm long hairs, it is the shortest. (This hair length provides easier control.) Specially designed for thin and precise contouring. Recommended for water-based paints, but also excellent for gel paints.

BRUSHES

BARBARA II. BRUSH

Brush with natural hair, ending in a precise tip. Graceful, short 7.5mm hair length for good control. Small, precise, excellent for artistic work. Can also be used for patterning, contouring, shading. Recommended for water-based paints.

OMBREPRO BRUSH

A synthetic, thinned hair, decorative gel jewel brush, perfect for creating gradients. The brush is wide enough to cover an average nail surface the full width of a medium nail to create an even gradient with Royal Gel or gel-lacs. The two colours are applied in a scoop-tap motion can be easily blended together.

NERO MERLO 0 ECSET

Soft, natural hair brush of outstanding quality with rounded end. Its special shape and design allow very precise work. Recommended for color materials and for more detailed work on smaller surfaces. Its small size makes it ideal even for free-edge shaping, surface colour gel gradients.

NERO MERLO I. BRUSH

Soft, natural hair. High quality brush with rounded, cat-tongue pointed end. Excellent for fine yet fast, colourful gel top coats. Its larger size allows you to cover the entire nail surface with coloured gel in just a few strokes. Its special natural hair and its precise side-edge cut allow for the most precise application at the back of the cuticle and smile line.

BARBARA I. BRUSH

Decorative gel brush with synthetic hair ending in a precise tip. Small size for precise, artistic work. 6,5mm hair length for good control, when creating a gel pattern. Can also be used for contouring.

0 MINI BRUSH

Synthetic brush, its short length makes it more stable to work with, very thin contour lines can be painted. Easy to position, good for curved and thin lines. Hair length: 3 mm

**0 SHORT BRUSH**

Synthetic hair, very thin, flexible gel decorating brush. Hair length 6mm. Can also be used for gel patterning, contouring, smile line painting. For those with less experience, a separate 0 Short brush can be used for painting contours with watercolour cream paint.

**0 LONG BRUSH**

Synthetic hair, very thin, flexible gel decorating brush. The hair length is 9mm. Can be used for gel patterning, washing line painting.

**Professional
brushes for for
precise work!**

BRUSHES

GEL 4 BRUSH

Synthetic hair, small size, straight edge, flat gel brush.

GEL 6 BRUSH

Medium size flat gel brush with synthetic hair, straight edge.

3D ZSELÉS

Synthetic hair, rounded edge, flat gel brush. Especially for 3D gels.

ACRYLIC 6 BRUSH

Natural hair, softer, smaller sized acrylic builder brush

ACRYLIC 8 BRUSH

Natural hair, softer, medium sized acrylic builder brush.

SHORT HAired DECORATING BRUSH

Natural hair, thin decoration brush with point-ended tip.

COVERPRO BRUSH

The CoverPRO brush with a rounded head and soft, natural bristles was specially developed for CoverPRO technique.

OMBRE BRUSH WITH SPONGE HEAD - OMBRE STICK

Brush with replaceable sponge heads at both ends. Comes with four heads, which can also be purchased separately. With any base, Art Gel and RoyalCream Gel it's quick and easy to create color gradients with. For Baby Boomer gel polish - with Cover Pink Base Gel and white Art Gel - it's perfect as the Art Gel blends beautifully.

ADDITIONAL SPONGE HEADS FOR OMBRE STICK

4pcs

Ombre with Chrome powders

The nail set was made with 3STEP CrystaLac 35194 and SENS ChroMirror Deluxe White chrome powder (By Dóra Dovicsák)

BRUSH CLEANSER GEL

A soft gel specially developed for cleaning gel brushes! Thanks to its watery consistency, pigments, mica and other impurities are easily removed from the brush fibres without drying out the hair. Its practical pipette packaging allows easy dispensing, quick and simple use.

CRYSTAL NAILS ORANGE BRUSH CLEANER

An effective cleaner for decoration brushes.

High performance cleaning fluid. The liquid is so powerful that it even dissolves paint that has dried into the brush. See how much longer your favorites will last with Crystal Nails Orange Brush Cleaner!

With orange fragrance

Made in Germany!

How to use:
After using Chro^{Me} CrystaLac or transfer foil adhesive for decoration, wash your brushes with the orange brush washing liquid so that the bristles do not stick together

BRUSHES

BRUSH HOLDER, DOUBLE-SIDED

Hard cover, portable, fold-out brush holder. The special feature is that you can pack your brushes in both sides - you can even organise gel and acrylic brushes separately, or builder and decorating brushes. Embroidered with silver Crystal Nails logo

BIG BRUSH BRUSH KIT

12pcs of synthetic hair decorating brush. The kit contains: sidelong, flat brush (mini, small and big brushes) straight flat brushes (medium and big) nail art brushes (mini, short and medium) cat-tongue brush (medium) fan brush, long hair brush and an „extra” pointing brush.

Synthetic brush for almost all possible line thicknesses and patterns in ONE KIT.

Crystal brushes with high-quality hair, for less experienced nail techs.

Mostly for gel decorations

BRUSH CASE

BRUSH HOLDER - WITH HARD COVER

Beautiful and useful portable, fold-out brush holder with hard cover.

Your brushes are always at hand for the given job!

TABLE BRUSH HOLDER

Practical brush holder for builder and decoration brushes, so you always have the right brushes for the job and don't let them roll away. With five brush holders.

SILVER
PINK

BRUSH TIP GLUE PRO

An even more professional version of our popular Brush Tip Glue!

- brush finish
- it has a softer texture, so the technique is slightly different, as the original version (see CN advice)
- does not dry out even after many uses
- perfect for applying rhinestones
- fast drying time of about 3 seconds
- extremely strong adhesion, even after 4-5 weeks

7,5g

CN advice:

Thoroughly wipe off the excess from the brush. Always apply a very small amount of glue to the nail and stick only 2-3 stones at a time, before the glue hardens.

NAIL GLUE BRUSH ON GEL TIP GLUE

Beaky tip glue, super strong

3g

BRUSH TIP GLUE

Super strong, extra fast glue with brush. Its special brush allows you to work very precisely.

7,5g

BRUSH ON GEL TIP GLUE TIP GLUE

Extremely strong brush glue. Thanks to the brush, it can be used precisely with the right amount of adhesive.

MODERN TIPS

GEL TIP BOXES

MEDIUM MODERN ALMOND, LONG BALERINA AND LONG ALMOND

The gel tip is a revolutionary innovation that ensures quick and easy work in salons. A flexible, pre-shaped gel-based tip that is glued to the prepared nail with the extra thick Gel Tip Glue. Plus, it does not require any building material, and flatter c-shaped nails can be made with it. Despite its thinness, it is extremely durable and can be filled in the usual way with any material.

Usage:

Base Gel is recommended. It should not be pushed completely up to the rampart. After curing file the resulted edges with a buffer, then you can just prepare the design of your choice!

With thinned shape in the direction of the back skin fold

XTREME TIP BOX (LONG SQUARE CLEAR)

Half-tip for straight-walled square nails. Thin, flexible, easy to fit thanks to its design without contact strip. Easy to bend. 240 tips per box in 12 sizes.

XTREME TIP BOX (MARILYN CLEAR)

Returning product! Exclusive half tip selection. No contact curve for easier application. Xtreme high quality, bendable, flexible tips. Can also be fixed with Base Gel, Glue Gel. Great for salon work and competition. 100 tips per box in 10 sizes.

GEL TIP BOXES MEDIUM ALMOND, MEDIUM CUBE, SHORT OVAL

The gel tip is a revolutionary innovation that ensures quick and easy work in salons. A flexible, pre-shaped gel-based tip that is glued to the prepared nail with the extra thick Gel Tip Glue. Plus, it does not require any building material, and flatter c-shaped nails can be made with it. Despite its thinness, it is extremely durable and can be filled in the usual way with any material. The contents of the box are size 12x10 sizes 120 pcs.

Usage:

The use of Base Gel is recommended. It should not be pushed completely up to the nail fold and after curing, file the resulting edge, file the nail and the design of your choice is done! The soak-off time is approx. 30-40 minutes, similar to acrylics.

XTREME FUSION ACRYLIC GEL TIPS

The box contains a total of 120 tips in 12 different sizes.

The Reverse Clear Universal Half Tip is a hybrid tip that you can use to extend the free edge with the already known reverse tip technique. It can be used to create any popular salon shape, such as square, narrow square, almond, or oval. You can use a tip more than once! The tips have an ideal, more natural-looking curve.

Universal Half Tips 120pcs

Long almond

A képen látható köröm az The nail set was made with Xtreme Fusion AcrylGel Greige, Tiger Eye Silk Coffee, decorated with SENS Deluxe ChroMirror Rosegold powder and Fairy Glitter 1. (By Virág Halász)

MODERN TIPS

FUSION CLIP FOR REVERSE TIP – CLEAR

A clip developed for holding the Reverse tip. It makes the nail preparation easier, since the tip does not move from the surface of the nail. Thanks to its clear material, the material cures perfectly.

NEW MATERIAL TYPE: GEL TIP GLUE

The flexible, new generation adhesive gel for (gel) tips. Strong adhesive effect that makes tip positioning and fixing easy. It doesn't move, doesn't slip. Can be fixed without bubbles. When applying we recommend base gel first. Curing time 2-3 min in UV, 1-2 min in LED.

5ml

XTREME REVERSE TIP BOXES

For the winter season, three new shapes will debut within the Xtreme Reverse Tip category. More flexible than average, thinner, clear tips. A box contains 120 tips in 12 different sizes. You can use a tip multiple times! The latest development of the gel tips is the thinned shape in the direction of the back skin fold, which is thinner and more flexible, enabling a more precise fit and the usage of the ideal amount of material. With its help, we can easily create trendy slim shapes as it has a lower height point. The reverse tip is a revolutionary innovation that ensures quick and easy work in salons.

NEW
SHAPES!

CN advice:
Use the latest No Limit lamp for flash curing.
The use of Base Gel is recommended. It should not be pushed completely up to the nail fold. After curing, file the resulting edge, file the nail and the design is done!
The soak-off time is approx. 30-40 minutes, similar to acrylics.

NAIL FORMS AND METAL TOOLS

CRYSTAL FORMS

Easy to shape nail form developed for perfect application with excellent arch support and hard material. Thanks to its special layering, it keeps its shape perfectly, does not break or open; sticks strongly. The material is thicker, but it can be cut well. Due to its almond-shaped indentation, it is easier to adjust to the curve of the natural nail. At the heel points, it is not absolutely necessary to cut with the scissors, it is enough just to push the form under the nail, due to the retention of the form, it will still stay in its place and strong enough to press down the nail nicely (this is especially good for deep heel points).

Easier to adjust to the arc of the natural nail thanks to its almond shaped indentation!

Usage:
You can easily shaping these forms even in rubber gloves!

MANICURE SET-BASIC:

With Crystal Nails Basic Manicure Set, your manicure will always be perfect. Its elegant and practical black case contains the following devices:

- nail clippers
- cuticle scissors
- cuticle lifter/scraper
- file

With its help, a complete manicure can be done in seconds, either at home or during our travels.

PROFESSIONAL METAL TOOLS, EXCLUSIVE QUALITY

SENS PRECISION CUTICLE SCISSOR, NEW!

Our "Precision" scissors, created with the greatest attention to detail, enable more precise cutting than ever before. Thanks to its design and the edges ending in a sharp point, even the smallest pieces of skin can be safely removed with it. Made of high-quality Japanese stainless steel, hand-sharpened, guaranteeing long service life and even cutting. The ergonomic, oval handle design provides comfort and easy control for fine cutting movements.

XTREME ERGOSHARP II.

A new member of the ErgoSharp scissor family, the shorter ErgoSharp 2. scissors are designed to appeal to customers who prefer our smaller, shorter scissors for the same precise and accurate cutting they are used to. Extremely durable, corrosion-resistant stainless steel scissors that make precision in salon work extremely easy thanks to their hand-sharpened, sharp blades and comfortable grip. Its narrow blades provide easy access to the cuticle without damaging the nail due to the abrasive nature of the back surfaces.

The correct way to disinfect metal tools:

1. Clean the metal tool from any organic contaminants (dust, skin debris...etc.). Cleaning can be done manually under a warm running water using a nail brush or with the Crystal Nails XtremePRO Ultrasonic Cleaner.
2. Wipe the tool dry.
3. Spray the tool with a tool disinfectant for this purpose. The disinfectant is applied to the tool, on all used surface. Wait the time needed for the disinfectant to take effect.
4. Rinse the disinfectant thoroughly from the metal tool with running water.
5. Wipe the tool dry and put it in its storage place. Never allow the disinfectant or water to spill on the device as this may damage the quality of the device.

NAIL CLIPPERS

Nail clipper for natural nails or shortening artificial nails. Especially useful for extreme shapes and nails that does not fit in the tipcutter. With a practical case that collects the nail bits.

FLEX CUTICLE AND FORM SCISSORS

Interesting mechanism: the springy handles open the scissors for us thus they are easy to control when cutting cuticle or forms.

The nail set was made with RT12 and Royal Top gel, Sens Milky white Builder Gel and Glam glitter. (by Virág Halász)

PROFESSIONAL ACCESSORIES

SOFTENED WIPES

An improved version of the highly successful multi-layer paper towel. More precise pressing for more precise work, a smoother surface for less space. In rolls of 500. Very affordable price.

SOFT NAIL WIPES 100 PCS

Folded into 5x5cm sheets of soft, fine fibre fabric.

LINT-FREE NAIL WIPES

The production technique is completely fiber-free, single-layer wipes. One piece is recommended for 3-4 fingers. 360 pcs/box

CLEANSER PAD - LINT-FREE PADS SOAK IN CLEANSER

Lint-free pads soaked in Cleanser. Facilitates faster salon work. Perfect for on-the-road nail techs, provides a 2-in-1 alternative for cleanser and lint-free towels. A single Cleanser Pad – depending on nail length – is enough for cleansing 5-10 nails. 1 box (100pcs)

THREAD GLOVES

The elastic fingertips ensures a better grip. The textile part ensures the perfect ventilation so they are more comfortable than the rubber gloves. Size: 6, 8, 10

NAIL WRAP REMOVER FOIL

The cotton pad is inside an aluminum cover which is bigger than the nail (2x3cm) and needs to soak with Acryl Remover. Already shaped specifically to soak-off acrylic, CrystalLac, or Easy off. 100pcs/box

 Crystal Nails®

Nail Art

SENS FLAKE DELUXE ^{FLAKE} deluxe

The Deluxe Flake flakes from SENS by Crystal Nails stand out as post-modern works of art in the nail art range. The decorative product, which includes large flakes for a shinier finish than ever before, is available in 3 breathtaking colours, which give a different extra effect on different coloured bases. In its luxurious-looking, individual jar, the colour-playing flakes dazzle with a dazzling shimmer. Cover it with Building Gel, Compact Base Gel, Elastic Hardener Gel or Gem Glue Gel. Apply to a not fully set non-fixing gloss gel surface for a mirror effect. It can also be pressed into a tacky surface to create a duller, slightly opalescent effect. After application to the surface, the edges of the nail should be filed and the surface sealed with Acid-Free Primer, followed by 1-2 coats of a thorough edge sealing polish.

CHROMIRROR CHROME PIGMENT POWDERS

Breathtaking chrome pigment powders for a decorating. Using ChroMirror Chrome Pigment Powder is simple: massage the powder onto a non-fixing surface - Royal Gel, ONE STEP CrystaLac, 3 STEP CrystaLac and Cool Top Gel - approximately 80% cured, rub in thoroughly, file the nail edge, coat with Acid Free Primer, then seal the edges and cover with 2 layers of flexible polish.

For perfect coverage, use Acid-Free Primer on the surface of ChroMirror chrome pigment powders. Cover with Cool Top Gel in two layers!

Wild raspberry nails
 The nail set was made with 3STEP CrystaLac 3S195, decorated with ChroMirror Hot Pink chrome powder and flowers made with Art Gel (by Ágnes Sebestyén).

DECORATIONS FOR STICKY SURFACES

CRYSTAL FLAKE

Decorative flake with intense light. Press into a non-fixing surface, then rub in the flakes, coat with Acid Free Primer and seal with two coats of topcoat such as Cool Top Gel. It can be used blended in, either scattered or over the entire surface. For acrylic nails dip a tiny Clear ball into the flake jar and pat over the surface of the nail. When you use gels press the flakes into the soft material and then set. Three super versions.

FROSTY GLITTER – ICE GLITTER FINE-GRAINED, MEDIUM

Frosty glitter is available in two sizes: fine and medium. The transparent glitter picks up the shade of the colour underneath while giving it a brilliant shimmer. It gives a different look when splashed on a full coverage or milky material. The Sugar effect technique is the most eye-catching when used.

PLATINUM FOIL

It has smaller pieces than Crystal Flake. Using different methods, you can achieve different results with this product. If you apply it on a non-cleansed, sticky surface, you can achieve a foil-effect, but if you apply it on a non-cleansing, smooth surface, you can get a chrome-effect. We have 4 fabulous colors!

Neon waves

The nail set was made with Compact Base&Builder Gel and neon pigment powders (by Dóra Dovicsák).

TRANSFERFOIL BOX-ART OF NATURE

Nowadays, transfer foil sets are an unmissable accessory for unique nail decorations. We have created for you one of the most wanted collections, the Art of Nature. This set includes several patterns found in nature and the animal world. For a more understated decoration, we recommend the marbled foils inspired by rock patterns. For a more exotic decoration, use one of the trendiest animal patterns or choose from a range of foils with the beautiful shine of a seashell. Pro Foil Gel makes it easy to apply to any surface.

DECORATIONS FOR STICKY SURFACES

TRANSFERFOIL KIT – RAINBOW

Cheer up your mood with our new Rainbow Transferfoil Kit! 10 different shades of foils. It will be the most popular nail art product with its silver, rosegold, gold, pink, etc. colors. Use the Pro Foil Gel to apply on any surface.

TRANSFERFOIL SET – HOLO-PEARL

Transferfoil with pearl effect collection what you can apply on almost every surface with the Pro Foil Gel. It contains marvel, flitter, star shaped foils and these could be used for the holiday season perfectly.

TRANSFERFOIL SET – MARBLE

The much beloved transferfoil set has been expanded with another stunning selection. One of our guests' favourite decorations is the marble pattern, which you can now easily create popular designs in moments. Pro Foil Gel makes it easy to apply to any surface.

DECORATIONS FOR STICKY SURFACES

TRANSFERFOIL SET – HOLO-OMBRE

Are you a fan of transfer foils? Then we've got good news for you: our holo effect color transfer foil set is waiting for you! Pro Foil Gel makes it easy to apply to any surface. It contains different colored transfer foils in cheerful shades. Look radiant with Holo-Ombre Transfer Foils!

XTREME TRANSFER FOIL GEL – IMPROVED FORMULA

A dense, highly controlable and mouldable foil gel that can be used in both UV and LED lamp, depending on their strength, 10-30 sec.

Easy to use: with a thin brush (e.g. 0 Short or 0 Long), apply the desired pattern of gel and after 10-30 seconds of curing, press the bottom of the foil on the surface with a strong movement. Pull it off with a firm movement and your beautiful decoration is done.

3ml

The curing time depends on your UV/LED lamp and how thick you used the foil gel. Test the lamp before use!

PRO FOIL GEL CLEAR – TRANSFERFOIL GEL

Transparent transfer foil gel, which can be used to create a more convex pattern due to its density. Because its adhesion is excellent for shorter and longer curing times, there is no need to count seconds strictly. When making a pattern, the problem of one part of the line being convex and the other flat does not occur, so the film does not bond evenly and does not stick evenly. Use it for Xtreme foils or sets as a pattern, or even to cover the entire surface. Since it is transparent, you won't see the edge of the foil gel sticking out anywhere, even in hard-to-reach places. If you're working with non-cleansing colors, use Pro Foil Gel to create foil decorations.

4ml

Baby blue set

The nail set was made with 2STEP SmartGummy Rubber Base Gel Nr.10 and Nr.14, decorated with Rainbow transferfoil set and shell box (by Edina Sikari).

NAIL STICKERS

GEL EFFECT NAIL STICKERS

Crystal Nails' latest Gel Effect nail polish stickers create spectacular and trendy nails extremely quickly and effortlessly. 1 pack of 20 nail polish stickers to easily find the right size for your guest's nails, plus a mini file, use a mini file for adjustment.

Usage:
To increase durability, cover with one of the following top coats:
High Shine, Weekly TopCoat, UV top coat, 2in1 Base&Coat.

NAIL STICKERS

The motifs of our nail stickers include colorful flowers, bright leaves, lovely inscriptions and many exciting motifs. You can easily spice up your nails with patterns of different shapes and colors. These stickers are self-adhesive, so they are not only easy to use, but also stay on for a long time.

NAIL STICKERS/NOVA CRYSTALS

STICKERUP TWEEZER

With the StickerUp Tweezer is no longer a problem to precisely picking up stickers and placing them on the nail. Thanks to the silicone head at the end, the pattern can be applied faster, and it won't be airy either.

MAGIC STRIPES STICKER

GOLD, SILVER, ROSEGOLD, BLACK, WHITE

Let your imagination run wild and create easily metallic effect nails with Magic Stripes decorative strips. Easily bendable self-adhesive stickers that you can shape as you like to create the desired pattern. On 12x8.5 cm sheets.

NOVA CRYSTALS GEMS (10 PCS)

The shaped rhinestones of the NOVA Crystal product line are available in the most popular shapes and colors. We recommend tip glue or Gem Glue Gel for attaching the flat-bottomed stones, and cure in a UV lamp for 2-3 minutes, in an LED for 1-2 minutes! To keep it from sticking out, it's a good idea to file the nail surface a little flatter (but not by removing the C-curve) to fit the rhinestones better

STAMPING PLATE

MAGIC ROLLER KIT - FOR STAMPING TECHNIQUE

Practical Roller kit for cleaning the surface of the Stamp itself. If you cleaning the surface of the Stamp with any kind of liquid, the material of the product could lose the ability to picking up the lacqers from the plate. Using this, you can avoid that unfortunate issue. The kit contains:1 roll and 1 spare roll-head

SKIN GUARD LIQUID SKIN PROTECTOR

A liquid, peelable skin protector that prevents material from getting on fingers and cuticles when printing or using the ChroMirror chrome pigment powders. Easy to use: apply around the nail plate and allow to dry - drying time depends on the thickness of the layer and the temperature, but approximately 1 minute. The color of the material will change to indicate that it is completely dry.

8ml

STAMPING PLATE CLEANER

Stamping plate cleaning fluid to easily clean your stamping plates and wash the stamping plate lacquer from the plate engravings. The liquid cleans the plate to a shine. After use, you can pick up the pattern with the print head in the same way. It comes in a handy spray bottle. With lemon fragrance.

100ml

CN STAMPING PLATE HOLDER

Black, leather-effect holder for 6x12 cm stamping plates. With 20 pockets for your nail stickers. If you organise the nail art accessories in this holder, your guest will find it easier to choose.

BIG STAMP, CLEAR

The diameter of this silicone product is 3,5cm. Thanks to the clear material, it's easier to apply the pattern to the nail. Recommended for longer nails and larger patterns.

CLEAR STAMP

CARD FOR STAMPING TECHNIQUE

BIG STAMP, CLEAR - SPARE STAMPING HEAD

3.5 cm diameter transparent silicone stamping head, without holder and cap, for replacement.

OTHER ACCESSORIES

ACRYL PAINT RETARDER LIQUID

This colorless liquid can be mixed with a relatively fastdrying acryl paint to slow down the drying process. Drip it on the palette to your ink - the more you drip, the slower it will dry. The liquid makes the texture of the paint soft and creamy, so the edges of the flower petal will not be fibrous. A huge help in the heat!

10ml

RHINESTONE HOLDER SQUARE

12 parts.

BEAD HOLDER BOWL, TRIANGLE

Triangle-shaped bowl for temporary storage of your beads or other small stones. It helps you to keep the decorative material that falls off the surface of your nails as waste (you just put the rest back in the jar and you're done); and it also helps you to keep your work area clean.

RHINESTONE HOLDER SQUARE

7 parts.

ARTLAC-WATERBASED COLORS

NO LIMIT UV/LED LAMP

Our long-awaited small UVLED device enchants you with its lightness and incredibly practical design. With its flexible, 360° adjustable stainless steel neck and completely open design, it offers you options that were very difficult to implement without it, or that you didn't even think about. It keeps the adjusted head and neck position fixed, also it does not move thanks to its weighted stand. With its powerful small UVLED bulb, it is excellent for flash curing. For which techniques do we recommend it? For all techniques where it is important that the applied material does not move. The device is specifically designed for flash curing, not for complete curing. Excellent for TIP decoration techniques or any future technique or material, the range of possibilities is endless, e.g.: Reverse TIP, half Reverse TIP, Gel TIP, various decorative techniques, etc.

An excellent choice for medium-intensity, everyday use

Features:

- Power: max. 10W
- Low performance
- UVLED bulb: 1pc
- Light wavelength: 365+405nm
- Control: Push button
- Timing: 60 seconds and continuous operation
- Charging time: max. 1.5 hours
- Operating time: max. 2 hours (without wires, when fully charged)
- Other extras: 360° flexible neck, wireless use.
- Accessories: USB-C cable.

360° adjustable flexible neck

Wireless, battery operated

Up to 2 hours continuous use.

360° positionable neck

LEDEXTREME+ UVLED LAMP

Our snow-white professional UVLED lamp is not only pretty, but also our device with the highest performance. Fast, reliable, with many great functions, making it a real partner in everyday work. With its optimal internal design, numerous UVLED bulbs and removable reflective surface, all materials cure in seconds. Whether it's construction, decoration or CrystalLac application, you can handle them without any problems, both hands and feet. With its simple handling, medium size and clean design, it is also practical and comfortable to use. A real investment in the long term, feel free to try it.

An excellent choice for intensive, everyday use.

Who are we recommending it to? The device is specially designed for daily, intensive use for several hours, so it can withstand heavy use over the long term. Excellent material for use both for beginners and experienced professionals.

Features:

Power: max. 48W

- High performance
- UVLED bulb: 33 pcs
- Light wavelength: 365+405nm
- Control: Push buttons (1) and Motion sensor (2)
- Timing: 10/30/60/90s(1) and 120s(2).
- Other extras: „LOW HEAT“ and „SLEEPING“ mode functions, push button lighting.
- Accessories: 1 silicone cover (white), adapter

Extra functions:

„LOW HEAT MODE“ - 90 second function, which reduces the burning sensation during the curing. It is excellent for fast-setting, heating materials. „SLEEPING MODE“ - energy-saving function, which turns on automatically after 30 minutes if the device is not in use, so it does not consume excess energy. „120 sec“ timing - without pressing a button. Just put your hand/foot in the device and it will start thanks to the motion sensor

XPRESS LED – 5 FINGER LED LAMP

Our practical, small, light-weight LED lamp is a great choice as a first lamp or for training, practice, home use and travel. With its positionable, 180° rotatable head and large amount of LED lights, it speeds up the curing of CrystaLac, Base and Top materials, and it can be used on hands and feet. Feel free to try it. An excellent choice for moderate use, for first device or travel.

Who do we recommend? The device is specially designed for occasional, moderate-intensity use in the long term. Excellent for curing all CrystaLac, Base and Top gel materials. We do not recommend using for builder materials. For both beginners and experienced professionals.

Features:

Power: max. 6W

- Low performance
- LED light: 30 pcs
- Light wavelength: 405 nm
- Control: Push button.
- Timing: 30/60 sec.
- Other extras: 180° rotatable head part.
- Accessories: adapter.

UFO UV LAMP HT1

A snow-white, compact, small UV lamp. With its simple handling, reliable performance and practical design, it is an excellent choice, not only in the salon, but also for education, training and at home. An excellent choice for a first lamp. Thanks to its replaceable UV and UVLED tubes, you can continuously work with high efficiency. With its optimally positioned short tubes with special plastic sockets and internal mirror surface, the fast curing of materials, it can also be used on hands and feet. Feel free to try it. A reliable partner for more than 10 years. An excellent choice for medium-intensity use or as a first device.

Who do we recommend? The device is specially designed for medium-intensity use. Excellent for all materials, but when using builder materials, it is worth using with UVLED tubes. For both beginners and experienced professionals.

Features:

Power: max. 18W

- Average performance
- Replaceable UV tube: 2pcs (short)
- Light wavelength: 365nm.
- Control: Push button.
- Timing: 3 minutes and continuous operation.
- Other extras: „START” button.
- Accessories: 9W, short UV tube (2pcs).

UNIVERSAL UVLED BULB

With its double wavelength it combines the UV and LED technology. This bulb will cure all kinds of material fast and safe. You can use it with identical bulbs or you can combine with the simple UV bulbs.

Features:

- Power: 9W
- LED bulbs: 12pcs
- Wavelength: 365+405nm
- Suitable: Crystal/Tube/Euro UV lamps

UVLED

UFO+ UVLED BULB

Despite of its small size, it is very massive.

With its dual wavelength it combines the UV and LED technology, so it can quickly cure even the light-sensitive materials.

Features:

- Power: 9W
- LED bulbs: 12 pcs
- Wavelength: 365+405nm
- Suitable: UFO UV Lamps

UVLED

CRYSTAL UV BULB - LONG

Long, replaceable 9W bulb for lamps with 4 or 1 bulbs. (compatibility below*)

Features:

- Power: 9W
- Wavelength: 365nm
- Suitable for Crystal/Tube/Euro UV lamps

UV

UFO UV BULB - SHORT

A short replaceable UV bulb with special plastic socket, designed for the UFO lamp.

Features:

- Power: 9W
- Wavelength: 365nm
- Suitable: UFO UV lamp

UV

All of our UVLED bulbs has double wavelength (365+405), so using this all of our light-sensitive products can cure fast and safely. Use them combined with UV bulbs or 4 identical at the same time. You don't have to worry about which material will cure in under your lamp. Use them either in combination with a UV tubes or even four identical ones at the same time. From now on, you no longer have to worry about how your materials will cure in your device. When using a Universal UVLED tube, the use of the FAN function is highly recommended. By using it, their lifetime is significantly increased.

	if you have an euro lamp..	1 pcs UV/LED	1 pcs UV/LED
	if you have an UFO lamp...*	2 pcs UV/LED	2 pcs UV/LED
			...you do mostly gel polishing..

...You will need ... bulb!

**for its own UFO UVLED tube, which cures all kinds of materials*

HOW CAN I CHANGE MY BULBS IN MY LAMPS TO LED/UVLED BULBS? (FOR 4 BULBS LAMPS)

Combined usage

Note: Option A recommended in case of LED bulbs. Option A and B both recommended in case of UVLED bulbs.

Single use - when using 4 identical tubes

Note: option C is NOT recommended in case of LED bulbs if you using material which are don't cure in LED light. Option C is recommended in case of UVLED bulbs.

NOT RECOMMENDED USAGE - switched applications

Note: option E and F could cause malfunctions

Explanation of symbols

All of our UVLED tubes have a dual wavelength (365+405nm), so by using them, even the light-sensitive materials will quickly and safely cure. Use them either in combination with a UV tube or four identical ones at the same time, You don't need to worry about which material compatible with your device.

HOW TO CHECK THE UV, LED, UVLED BULBS

It's important that you check the effectiveness of your UV, LED, UVLED bulbs for the more efficient work.

UV, LED, UVLED BULBS FOR THE MORE EFFICIENT WORK. WHY IS IT IMPORTANT?

If the the bulbs are weak or if you are working with a lowpowered lamp, mistakes can occur or the results won't be durable: CrystaLac won't cure properly, get matte or rip off. Gels nails might cure well, but the result won't be long-lasting.

HOW CAN I TEST IT?

Apply one layer of Cool Top Universal Gel to the nail or tip. If the edges are sticky after 2 minutes of curing, where the lights are not direct, the bulbs are weak.

Important: in case of everyday salonwork, the UV, LED, UVLED bulbs need to be changed approximately every 6 months.

WHAT SHOULD I KNOW ABOUT LED, UVLED BULBS/LAMPS?

Even if you working with combined lamps (that means you put LED or UVLED bulbs to the Crystal UV Lamp) or the newest LED/UVLED lamps, you should consider the following facts and take our advises.

- Some white or light material (CrystaLac, Color Gels, some Top Gels) could turn yellow after curing in LED or UVLED lamps. This caused by a chemical reaction but after approximately 10 minutes, when the product has cooled down, it will disappear and you will get the required color.
- We recommend you to keep your jars in a safe distance from your lamp. If you have a lamp which has a back, you can keep them behind it, if you have a backless lamp, keep it next to it with some distance because the light could get through the wall of the jars and damage the material inside. So make sure that you have your gels out of the light what comes from your lamp.
- Some materials will not cure in LED light. These are: Builder Clear I, Pink Builder Hard Gel, Builder Pink I., Builder Pink II., Antifungal Pedi Gel, and the most of the 200, 500, 600 color gel numbers, Supernova, Fly-Brill, Moonlight gels.
- The Tiger Eye Gels, the 3 Step colors, the Water Pro and 1 Step CrystaLacs are love the LED light. That means they don't flow around;
- the pattern on the surface of the Tiger Eye which was made with magnet;
- the dropped color-pattern on WaterPro CrystaLac;
- The 1 Step and 3 Step colors demand the LED or UVLED light for curing because of their consistency and pigments.

IMPORTANT: Know your lamp's qualities! Experiment before you get to use them on your everyday salonwork. It's crucial in case of ChroMirror Pigment Powders, Transferfoil Gels and other thick non-cleansing decorating material. Try to avoid the under-curing which means that you don't keeping your nails inside the lamp enough time to cure the materials. In these cases the products could be slippy or they could fall of from the nail plate. Also, you have to avoid the over-curing, because they could break easily.

CN advice: Never stop checking your lamp or the bulbs in your lamp (depends on the lamp's type)! The best method is when you test your lamp at the first time, observe how much time does it takes to cure your builder gel! Usually it supposed to take 10-15sec. This is not a full cure time, this is for to make the material to that consistency to not to move for the working process. We recommend you to test your products in a monthly basis and if the curing time reaches the 20-30sec the bulbs/product needs to be changed.

IMPORTANT: the test should have taken with already warmed up bulbs

Magnetic glitter

The nail set was made with
SENS 3G Polish Magnetic Flash
Sand and 2STEP SmartGummy
Rubber Base Gel Nr.42 (by Ágnes
Sebestyén).

ELECTRONICS BY CRYSTAL NAILS

XTREME DRILL

Premium quality device with precise internal structure. The heavy use and the reliable, fast working is not a problem anymore. Quiet, resonance-free and all that its heating is also negligible. Thanks to its design, the the ingress of dust generated during work is also minimal. With its many functions and reliable performance, it is a real long-term investment.

It has been a reliable partner in salon work for more than 10 years. An excellent choice for intensive, everyday use.

Who is it recommended for? Especially for everyday, intensive, long term use. We recommend for shaping and removing nails, but also for other smaller/larger works without any problem. For both beginners and experienced professionals.

Features:

RPM: 0-30,000 RPM

- Desk + Hand unit
- Quick chuck: yes.
- Speed control: yes.
- Reversing direction: yes.
- On/Off button: yes.
- Foot pedal: available separately (not included).
- Bit holder: 18 pcs
- Accessories: hand unit holder (for control unit), chuck key.

For professional use

max. 30.000RPM
on 18pcs milling
cutter holder

CARBIDE DRILL BITS

KUGLE CARBIDE DRILL BIT - EXTRA FINE

Fine surfaced Carbide Strong drill bit. Although it has a fine surface, you can still remove a large amount of material with it thanks to the convex-shaped sides. Since it's fine notched, you will never experience any material damage. This bit has a narrowing body and a rounded end, so it does not hurt the skin. It is recommended for modern gel polish refilling or removing aerations in artificial nails, for those who don't know how to use stronger bits properly. Thanks to the deep developed grooves of the bit, even left or right-handed technicians can use this product easily. The cooling of the bit is perfect so it does not heat

Left and right handed

CARBIDE CONE - MEDIUM

Medium-strength, cone-shaped drill bit. Developed for making straight-sided surfaces. This bit has a narrowing body and a rounded end, so it does not hurt the skin and completely resonates with it. Allowed to use it on all three substances and in modern gel polish fillings too. Thanks to the deep grooves of the bit, you can use it easily even if you are left or right-handed. The cooling of the bit is perfect so it does not heat up if you use it properly

Left and right handed

EASY REFILL CARBIDE DRILL BIT

Developed for equalize the level during the building or filling process with gel and acrylic products, near the lateral nail fold. Also, this bit is perfect for removing a strenghtened gel polish with bits. Thanks for the special developed grooves of the bit, be left or right handed, you can use this product easily.

Left and right handed

POPULAR

DRILL BITS

CARBIDE DRILL BITS

SURFACE REFINER BIT

Big, parallel, round shaped top. This product can create a very fine surface and it doesn't harm the skin.

BIG CONE L SOFT DRILL BIT

Cone shaped, big sized drill bit. The blunt top makes the useage more safer. Leghtwise grooves. For gel and acrylic product.

BIG CONE

For preparing manicure and pedicure and artificial nails.

SMALL CONE

Preparing the pedicure and manicure. Lozenge grooves

XTREME DRILL BITS WITH TITANIUM COAT

NEW!

XTREME PRO JOKER

Large size carbide drill bit, which is perfect for removing large amounts of material. Due to its narrowed shape, the primary function of this bit is to shape the underside of the nail. Hard-to-reach areas can be reached easily, safely and precisely with it. Suitable for gel, acrylic, acrylgel techniques. For right- and left-handed!

XTREME PRO DRILL BIT - LARGE

The improved version of the Xtreme Titanium large drill bit, which is minimally smaller in size, so it is much more precise and can be used on hard-to-reach areas. It is a large, cone shaped drill bit. The most popular bit, extra strong. Thanks to its special design, it does not heat up, and you can remove the material quickly, painlessly and without resonance. It can be used for removing acrylics and gels as well. Recommended for both right- and left-handed nail techs. The new Xtreme Pro version of the cone shaped carbide bits engraved in the form of a rhombus net are made of harder steel with even sharper „teeth“. All this topped with an extremely durable titanium coating. Large, for fast removing.

XTREME PRO DRILL BIT - SMALL

The improved version of the Xtreme Titanium small drill bit. The dimensions are the same, but the end is narrower - enabling more precise work. It is recommended for hard-to-reach areas, for removing small amounts of material, even during filling, or for repairing minor spills. Great help when sanding the nail from below, close to the skin and in the corners. The new Xtreme Pro versions of the cone shaped carbide bits engraved in the form of a rhombus net are made of harder steel with even sharper „teeth“. All this topped with an extremely durable titanium coating. Small, for places that require precision.

SMALL DRILL BIT - CONE

Developed for cleaning the cuticle and remove the dead skin from the nail. The special blunt edge cannot make any injury, using in a horizontal position, the lowest RPM possible. For advanced professionals only

Scan the QR code and watch the video!

MEDIUM DRILL BIT - CONE

Medium, thinner bit. This is the strongest bit in our repertoire. Developed fast, painless gel and acrylic product removal. Recommended for right handed people because of the direction of the grooves.

LARGE DRILL BIT - CONE

Big, cone shaped drill bit. This is the most popular and extra strong drill bit. Developed for fast, painless gel and acrylic product removal. Be left or right handed, this product is for everyone. It won't heaten up. For advanced professional use only

Left and right handed

DIAMOND POWDER MANICURE HEADS FOR RUSSIAN MANICURE

DEEP CLEAN DRILL BIT 1.

BIG SIZE, MEDIUM STRENGTH

Lance shaped, deep cleaning big/medium strength drill bit with diamond coat. After the cuticle was cut off, this bit can clean deeper the cuticle and remove the remaining skin pieces. In case of small nails we can use it for lift the skin as well.

Lance shaped, cuticle lifting big drill bit with diamond dust coat, which is perfect for lifting a small amount of skin from the nail in the cuticle area. Also good for the cleaning of the cross area between the proximal and the lateral nail fold.

EASY CUT DRILL BIT 1. DRILL BIT FOR THE SKIN STRONG/BIG

Barrel shaped, big drill bit for the skin with diamond dust coat. Developed for removing the already lifted big amount of skin and removing the hard skin from the cross area between the proximal and the lateral nail fold.

DRILL BITS

EXPERT FINE 1,2

Common text for 1 and 2: Spear-shaped, which can be used in most manicure steps, on several sides of the finger, for a wide range of applications. There is a difference in strength: red heads are fine for sensitive and normal skin, blue heads are medium strength for rougher, drier skin.

EXPERT MEDIUM

It grinds and lifts at the same time, and its spiral design removes the dust resulting from sanding more easily. As the head rotates, the minimal level difference at the border of the grainless and grainy parts continuously lifts the skin, and then the grainy side also polishes it

CERAMIC DRILL BITS

CERAMIC REMOVE DRILL BIT - CONE

The most popular cone shaped drill bit. With this bit, the gel and acrylic product removing process will be faster. The product will not warming up

CERAMIC SURFACE SOFT DRILL BIT

Big, parallel, rounded top, strong drill bit. Developed for gel and acrylic product remove in filling technique. Because of the rounded shaped top, it won't harm the skin. This drill bit won't warming up.

DRILL BIT CLEANING BRUSH

Changeable copper drill bit cleaning brush for carbide, diamond, ceramic bits. 6*2*0,37cm

DRILL BIT CLEANING BIT

Strong bristle mini cleaning bit. It can clean the bits easily and you can use it for cleaning the lateral nail fold. It is also excellent for removing dust stuck to the lines.

PEDICURE DIAMOND

6 PCS BIT KIT

Diamond powder drill bits for pedicure

DRILL BIT RINGS -

3 LEVEL

Disposable, strong and durable texture, for removing and shaping gel and acry

DRILL BIT RING HOLDER

DRY MANICURE DRILL BIT KIT FOR DRY MANICURE

The preparation process made with this kit can slow down the regrowing, since you can apply the material close to the cuticle zone.

The purposes of the bits:

1. Classic fine-buffing bit: for cleaning the small cracks and finebuffing the skin
2. Small sphere: Deeper cleaning
3. Big sphere: for removing the thicker and hard skin
4. Cylinder: for the already done checking cleaning
5. Thin cylinder: for removing the cuticle and the skin from the nail plate
6. Pointy Cylinder: for cleaning the nail folds

RHINESTONE REMOVING BIT

With this bit, you can easily remove the stones from the nail. You can use this on the whole surface without harming the skin.

DO YOU FEEL A DECREASE IN PERFORMANCE?

Check the your dust bag* :)

If you check your dust collector and clean it regularly, you can save a lot of time and money, since you don't need to send the device to the service center.

If your dust bag is very worn or you would like an extra spare of it, check the changing bags in our stores or in our webshop.
*All our dust bags are

WHICH ONE SHOULD I CHOOSE? Dust collector with armrest or a built-in?

Dust collector with armrest:

There is no need for an extra armrest under the guest's hand as the hand reaches above the collector at an optimal angle. You can even take it with you. By using it, you are much more mobile.

Built-in dust collectors:

It does not take up extra space on the table, since it can be built-in. Practical to use if you work in a salon all the time. You can use only in one place, but it is a good investment for salon work.

GIGALED – TABLE LED LAMP

Thanks to its wide „GIGA” headlight with LED bulbs, it illuminates the whole work surface. It is flexible in many points, you can set the optimal parameters. Developed for everyday, long term use. For beginners and professionals.

- Positionable, bendable neck (Head: 90° laterally, Neck: 180° up-down and sideways)
- Pedestal design (it cannot be fixed for desktop)
- 3 Diopter, 4" magnifying lens, (distortion reduced with closing lid)

XTREMEPRO ULTRASONIC CLEANER IN WHITE AND PINK COLOR

If you want your metal tools as clean as new, you can stop looking! With this product, the cleaning process will be more comfortable, practical and fast. We developed these machines to make easier your everyday salonwork: you can clean several tools at once. The design is practice, simple and clean. The container itself made of stainless steel. The program will lasts 5 minutes, and you can actually see the difference after. In two super variations: White and Sweet Pink. Ideal for everyday use after every client.

HOW IT WORKS?

Fill up the container with liquid or water and the ultrasonic waves will vibrate the tools and the liquid itself, and these will loosen up the stubborn contamination from the tools and it will remove the lighter contaminations easily. We recommend to us this machine for products what are waterproof and unscratched. If you use the equipment with chemicals, you must always read the instructions of the chemical carefully before use, otherwise damage may occur to the equipment or your tools.

Features:

Power: max. 15W

- Timer: 5 minutes
- Tank capacity: 450ml
- Control: Push button.
